AGENCY & MILITARY

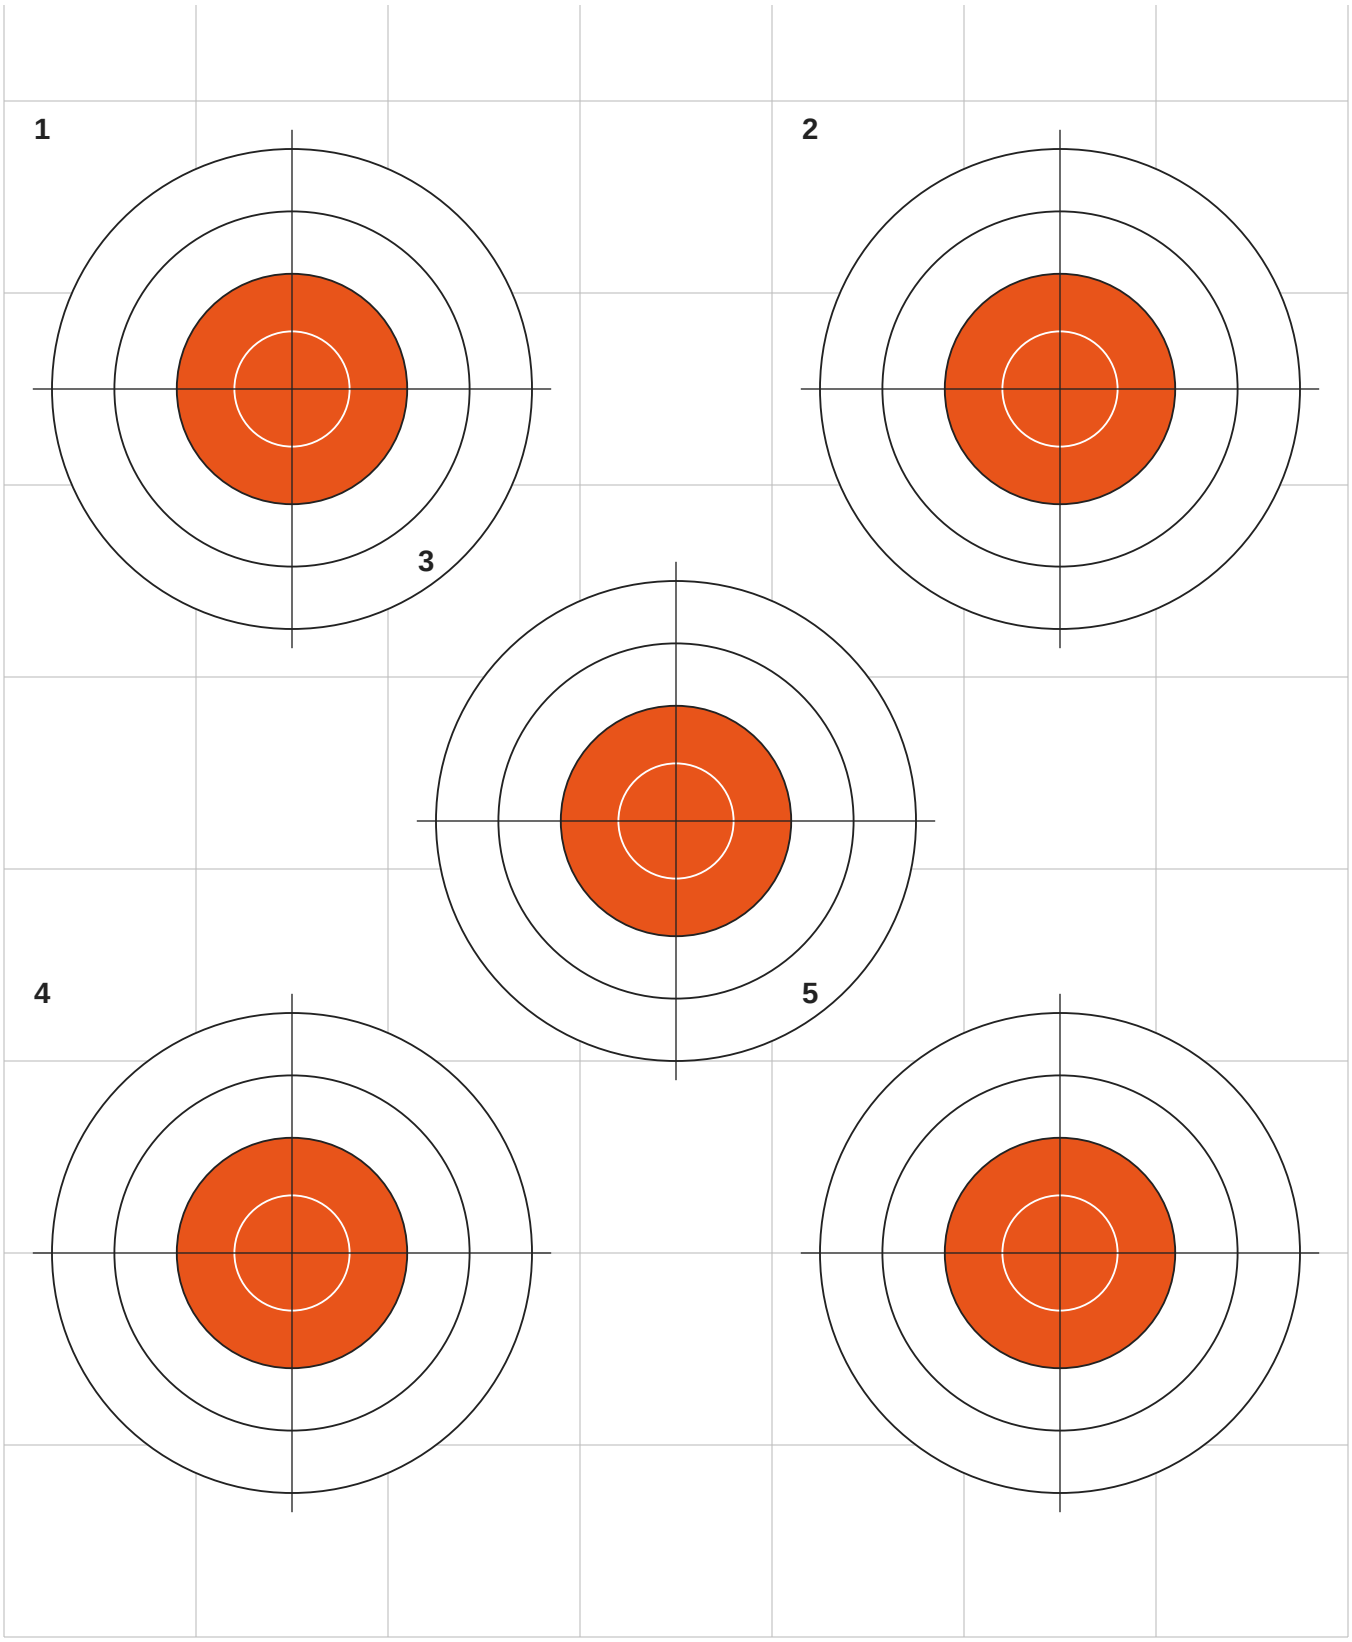

T-30	FBI Q-Style	31
T-31	FBI QIT-Style	32
T-32	FBI Pistol Qual Card	33
T-33	Police Silhouette	34
T-34	Military E-Type	35
T-35	Military F-Type	36
T-36	Scaled Distance Silhouettes	37
T-37	Practical Competition	38

To print one target, print just its page number. Always print at 100% / Actual Size so the scales stay true.
Tap any row to jump to that page. Laminate the cards and checklists for field use.

FIVE-BULL SIGHT-IN

T-01

General sight-in. Five 2.5 in. bulls on a 1 in. grid. Pistol 7-15 yd, rifle 25-50 yd.

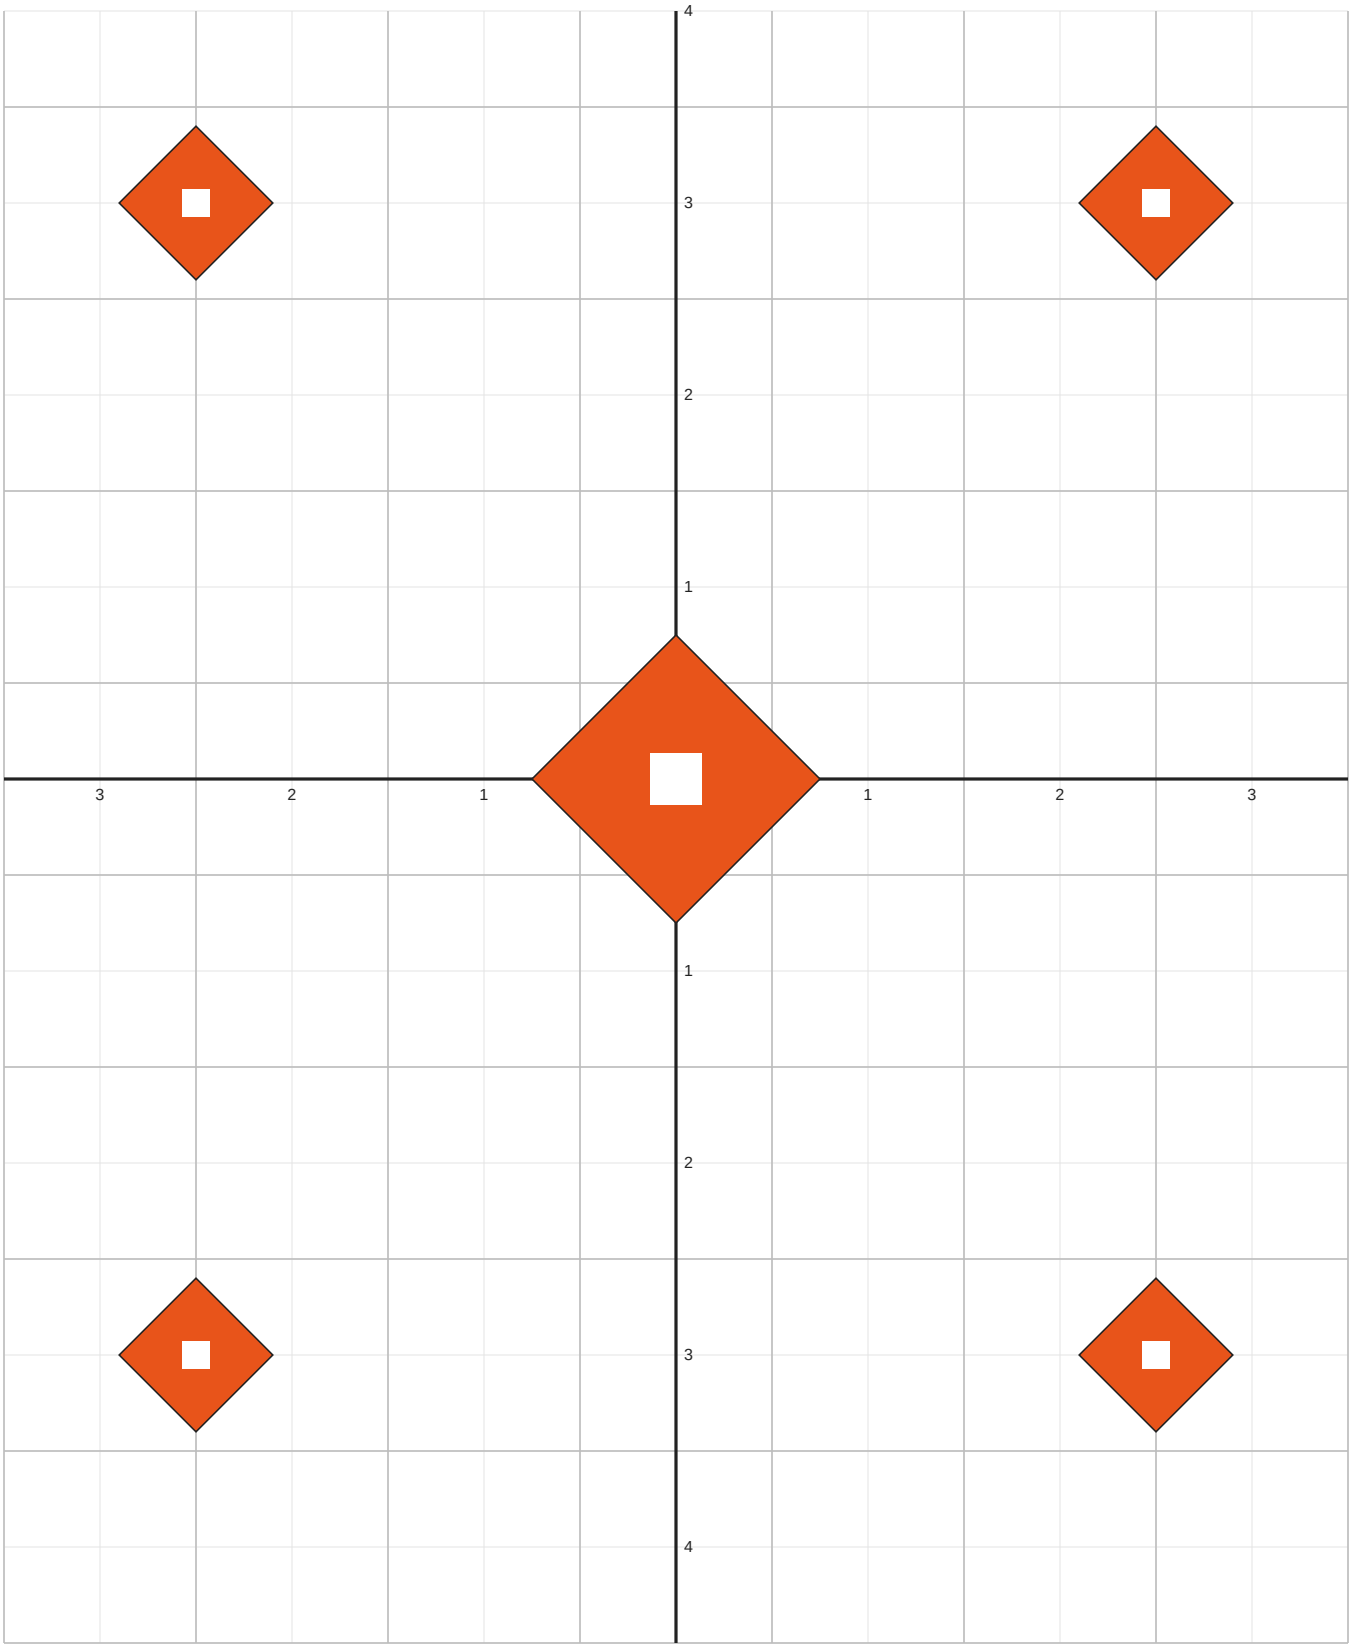

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

100-YARD ZERO GRID

T-02

1 in. squares. At 100 yd each square is about 1 MOA (1.047 in.). Center diamond for zero, corners for confirmation.

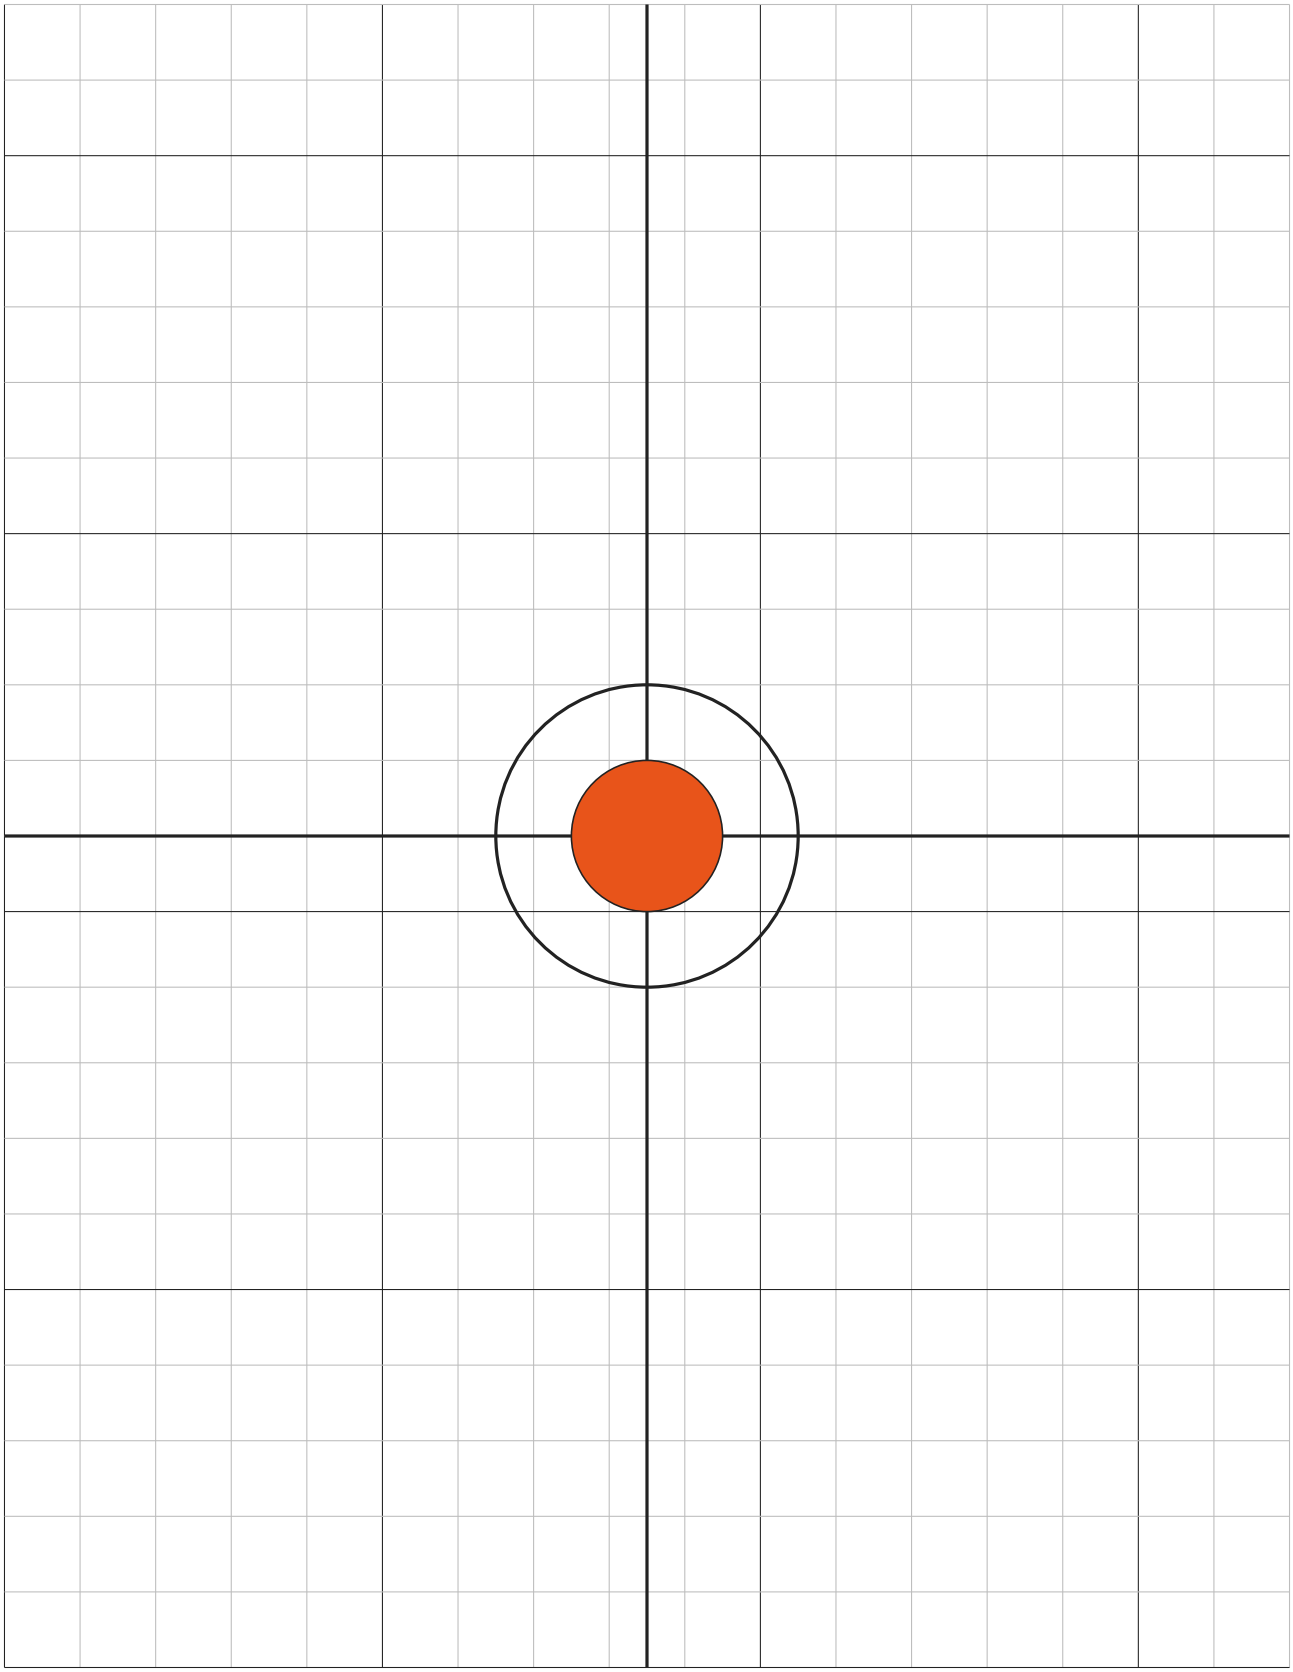

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

25 M METRIC ZERO

1 cm squares. At 25 m each square = 0.4 mil (about 1.4 MOA). Move impacts to the center circle.

Major lines every 5 cm. Aim at center; group should land inside the 4 cm circle.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

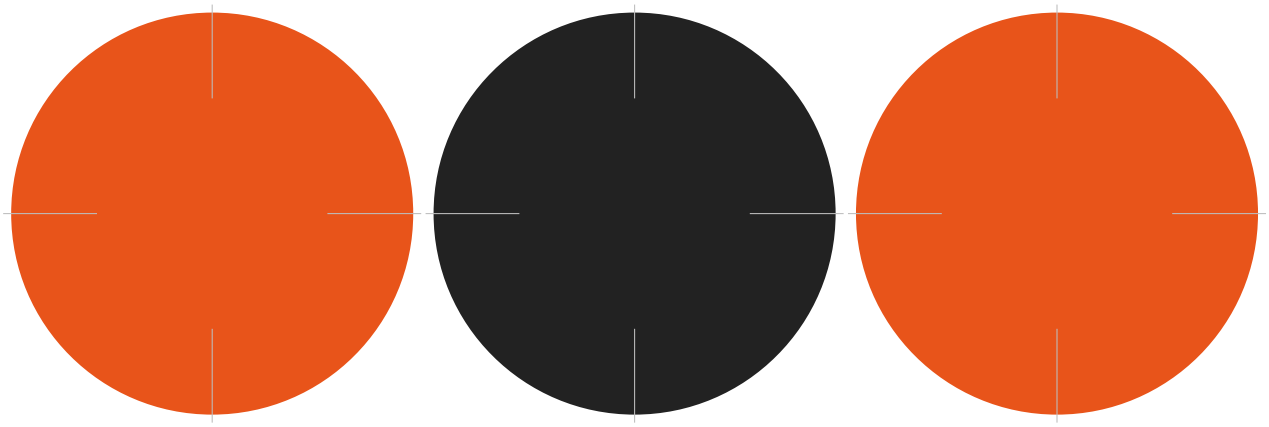

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

MOA DOT LADDER

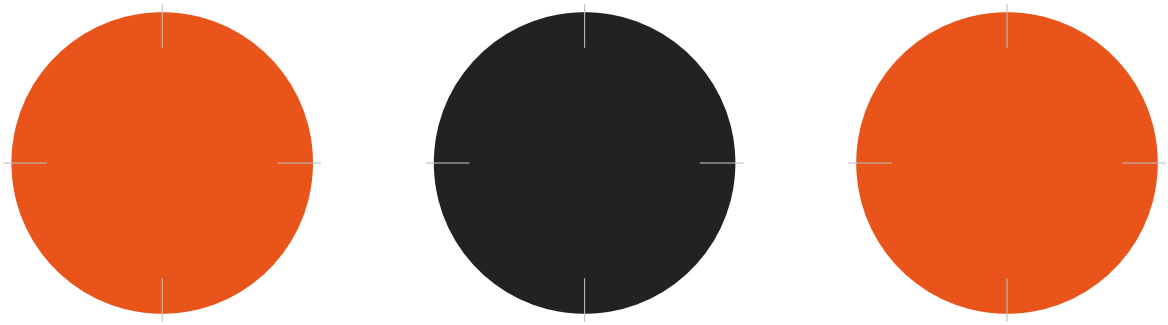

T-04

Dot sizes in true MOA at 100 yd. Rows: 2, 1.5, 1 and 0.5 MOA. Shoot each row smaller as you tighten up.

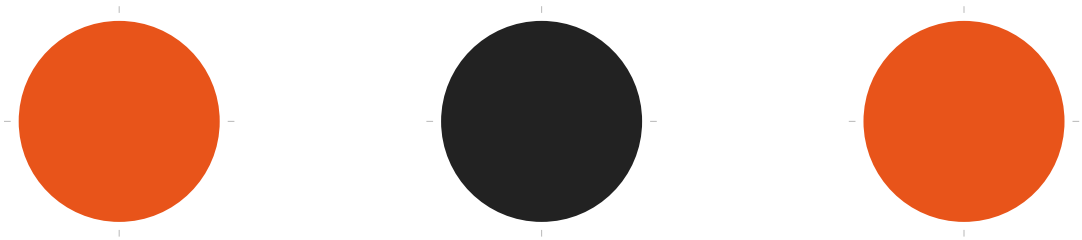

2 MOA

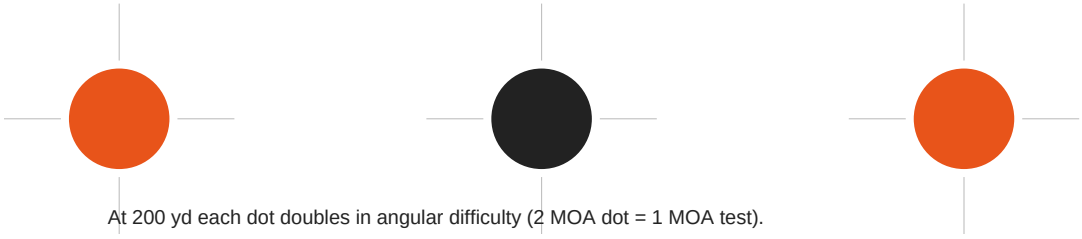

1.5 MOA

1 MOA

0.5 MOA

At 200 yd each dot doubles in angular difficulty (2 MOA dot = 1 MOA test).

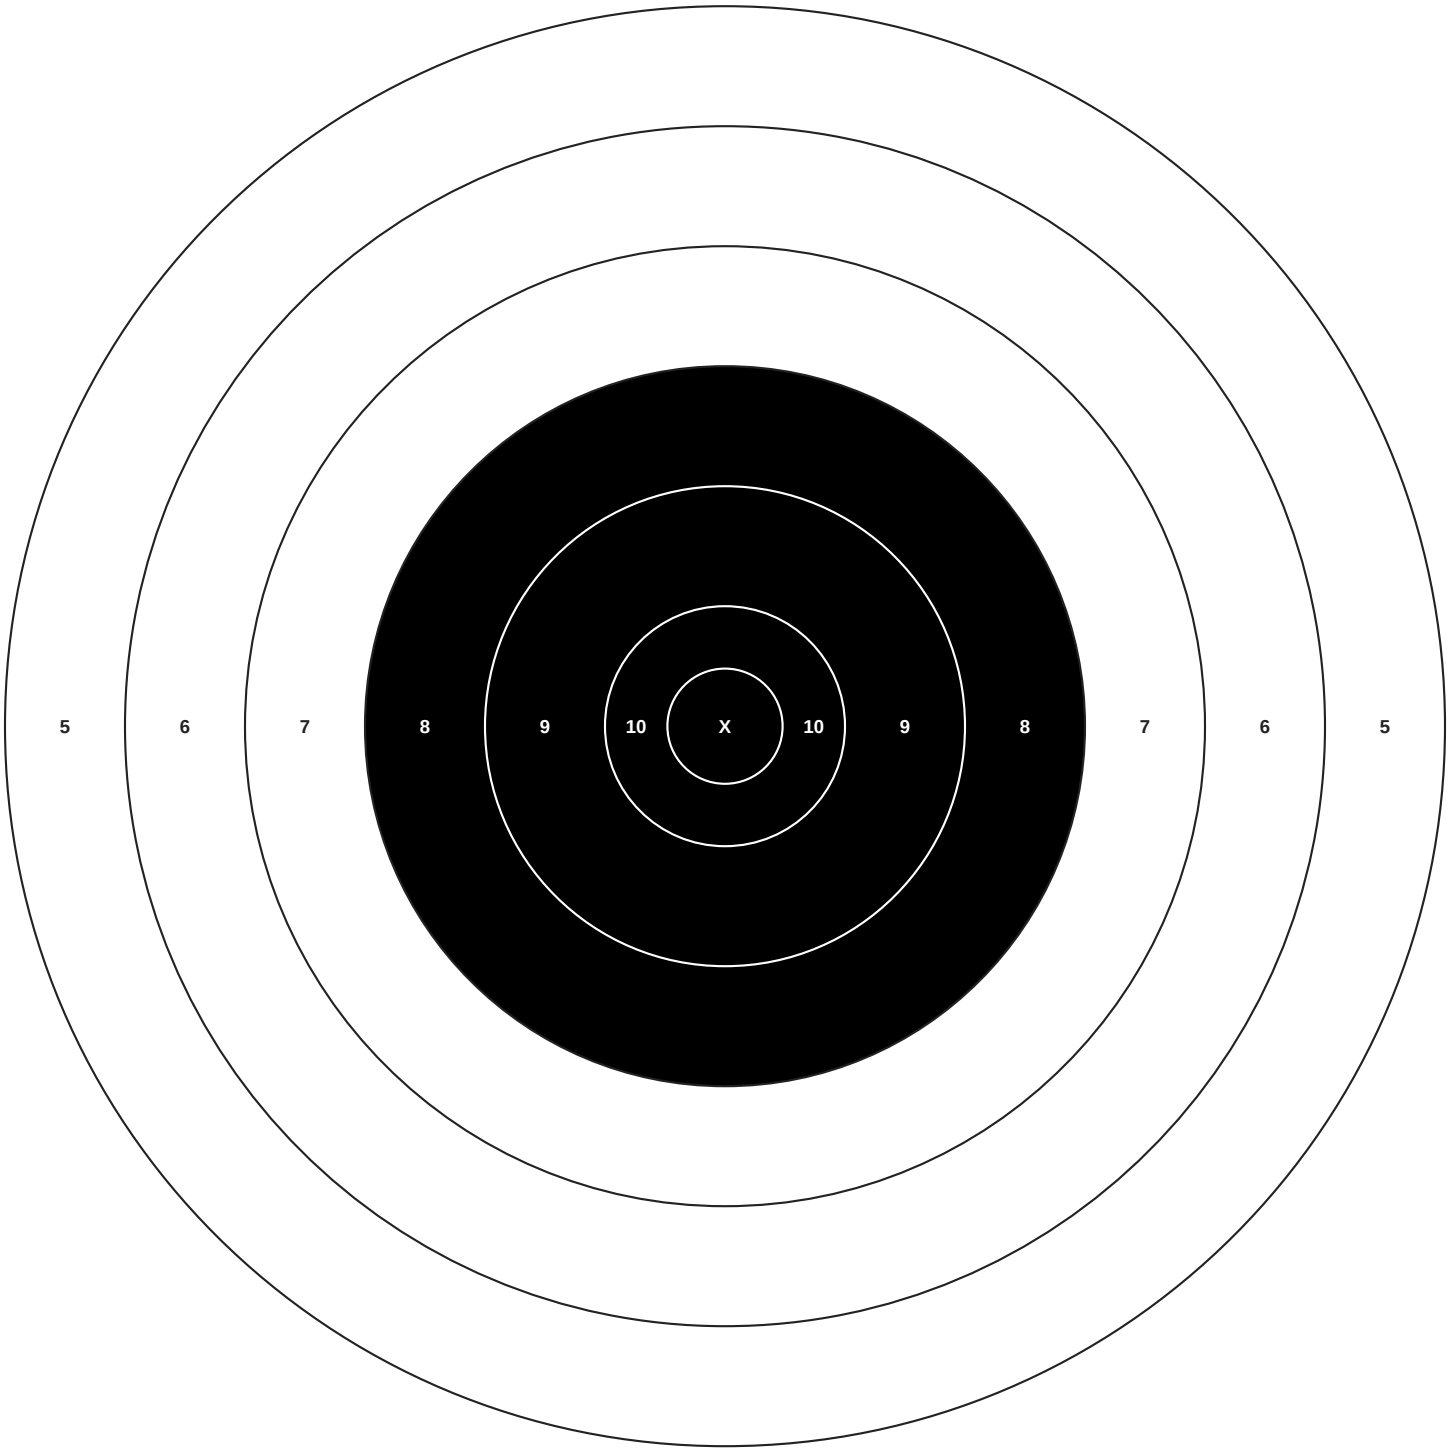

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

PRECISION BULLSEYE

T-05

Slow-fire scoring target. Rings 10 to 5 plus X ring. Score each shot by the highest ring it touches.

1	2	3	4	5	6	7	8	9	10	TOTAL

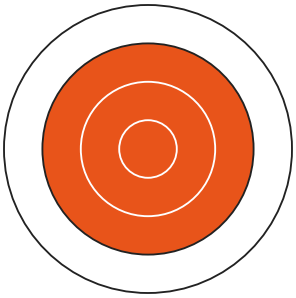

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

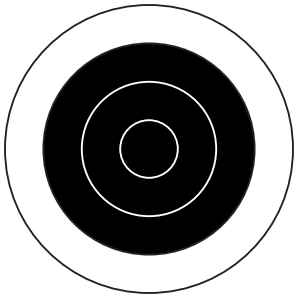

RIMFIRE 12-BULL

T-06

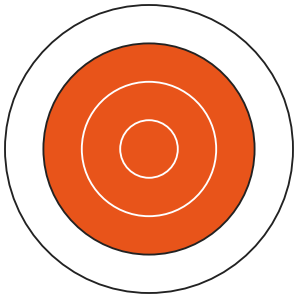

Ten 1.5 in. record bulls plus two sighters. Built for 50 ft / 25 yd rimfire and air rifle practice.

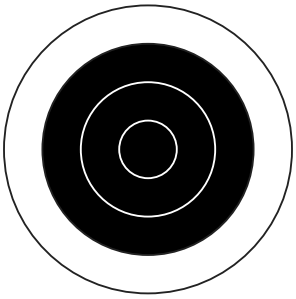

SIGHTER

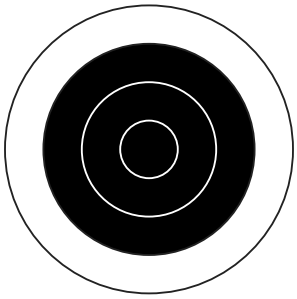

1

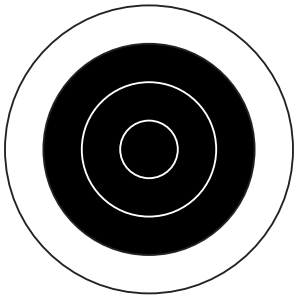

SIGHTER

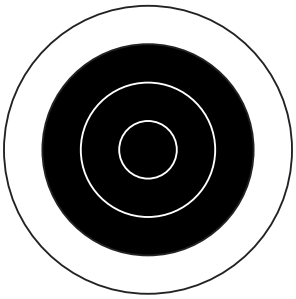

2

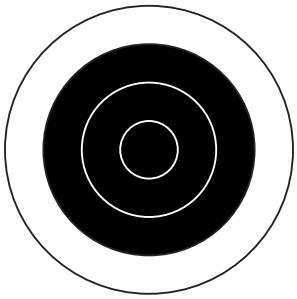

3

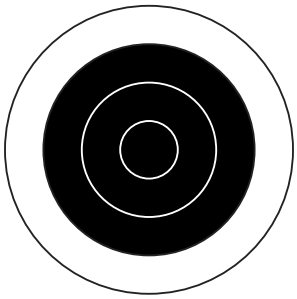

4

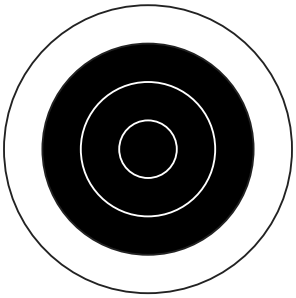

5

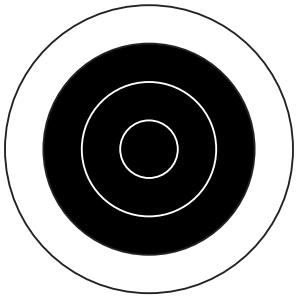

6

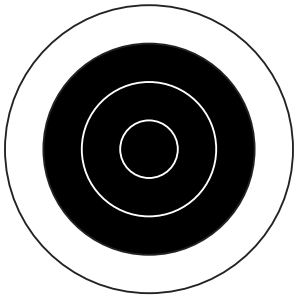

7

8

9

10

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

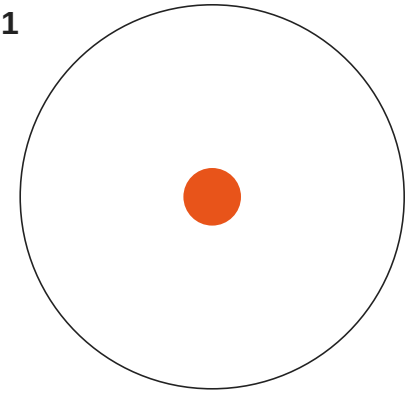

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

TEN-DOT DRILL

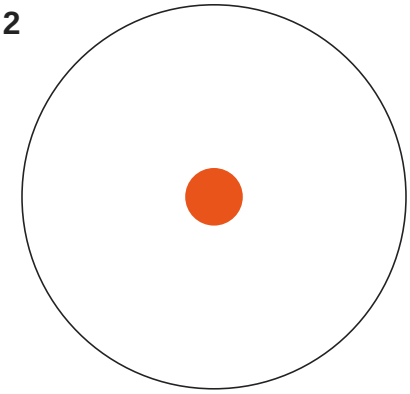

T-07

2 in. and 1 in. dots. Run each numbered string in order. Any miss on a string means you rerun it.

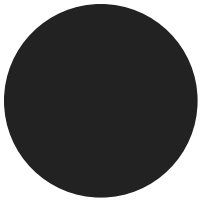

1

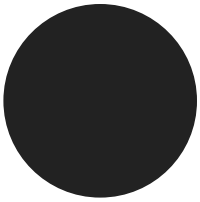

2

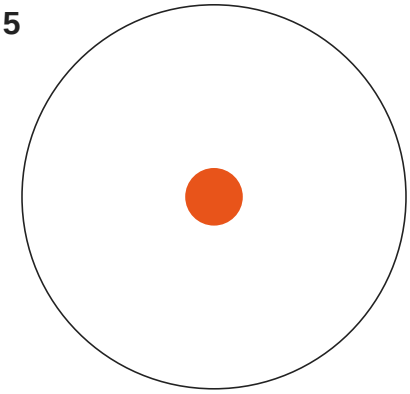

3

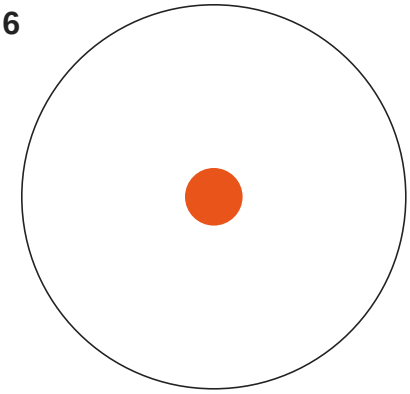

4

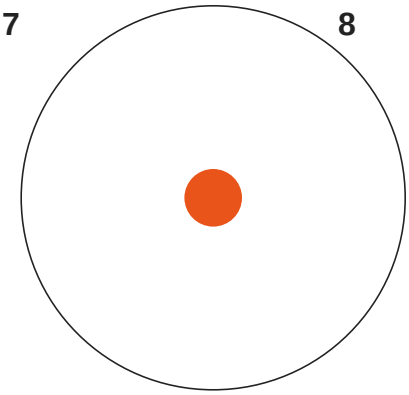

5

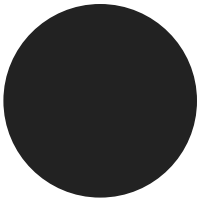

6

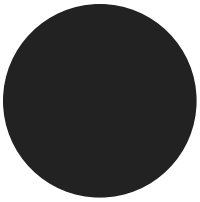

7

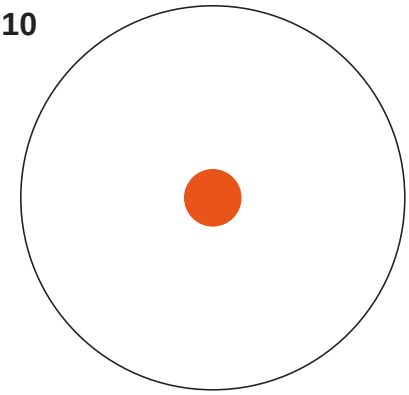

8

9

10

STRINGS (start at 3 yd, back up once you run it clean)

1. 5 shots, slow fire
2. Draw, 1 shot. x5
3. 5 shots, slow fire
4. Draw, 1 shot. x5
5. Draw, 2 shots. x3
6. Strong hand only, 5
7. Weak hand only, 5
8. 1 shot each on 8 then 9, x4
9. (see 8)
10. Reload drill: 1, reload, 1. x2

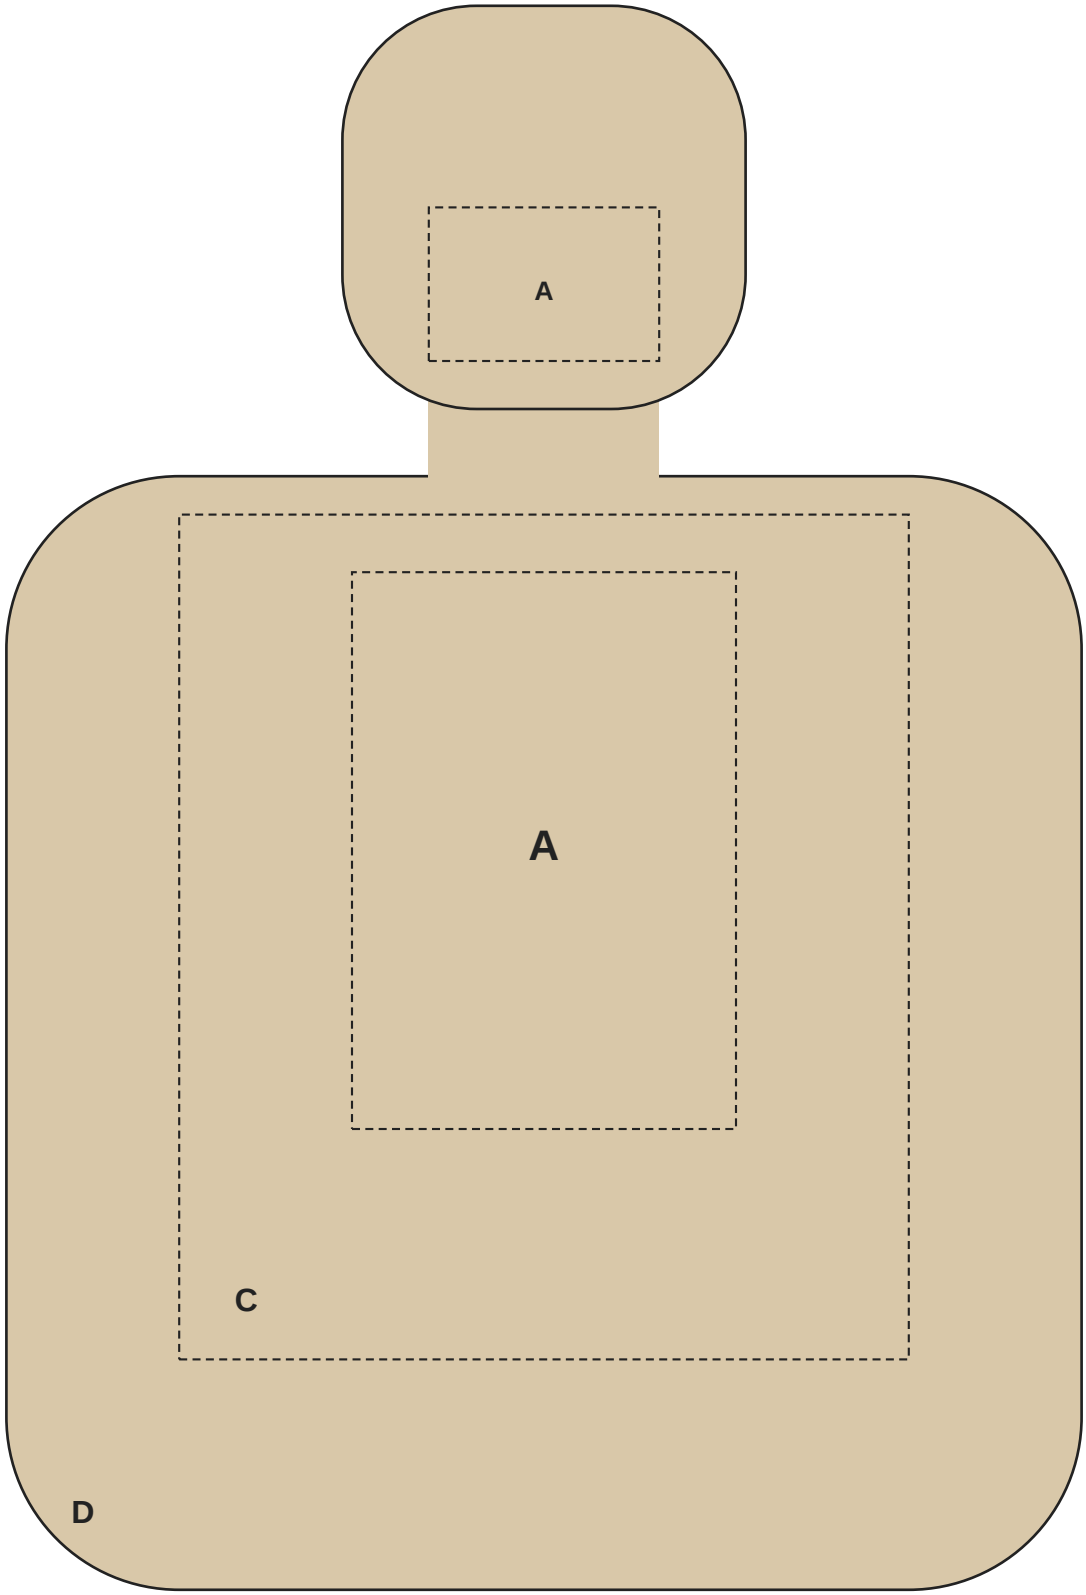

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

REDUCED SILHOUETTE

T-08

Generic torso and head with scoring zones. Reduced size: shooting it at 10 yd looks like a full-size target at about 30 yd.

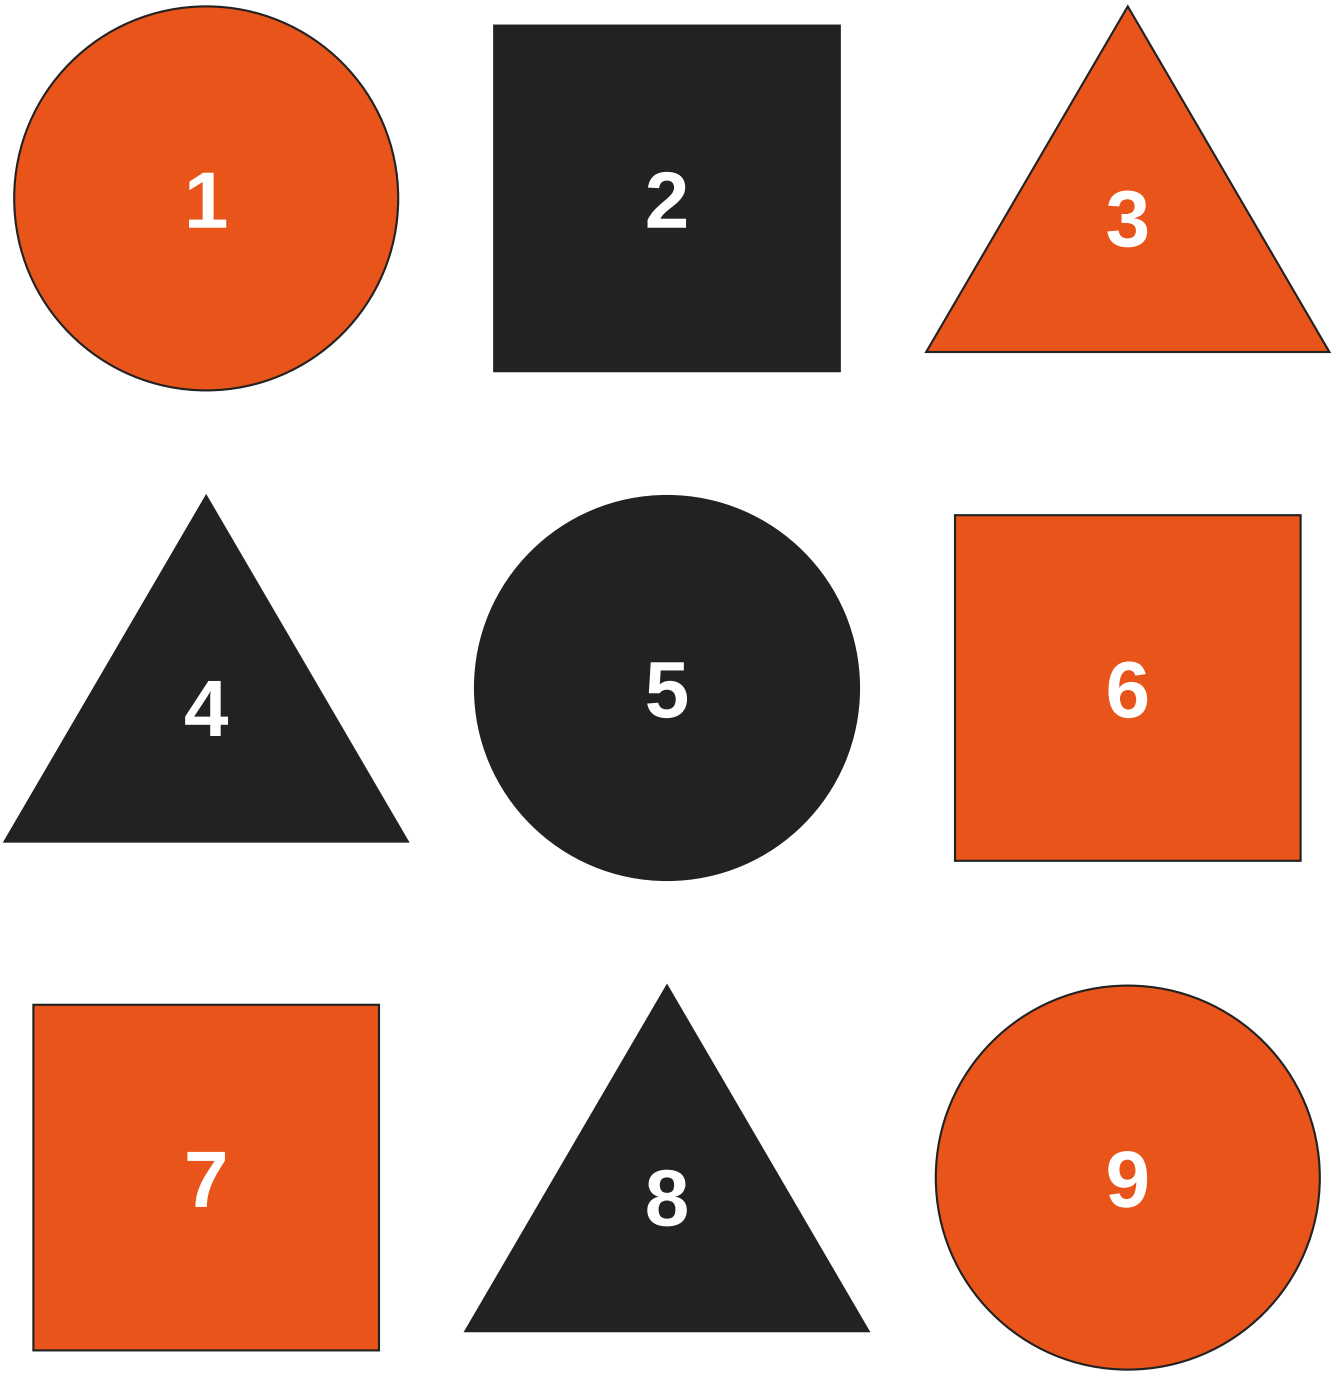

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

SHAPES & NUMBERS

Call-out drill. A partner calls a shape, a color, or a number and you engage only that target. Builds target ID under time.

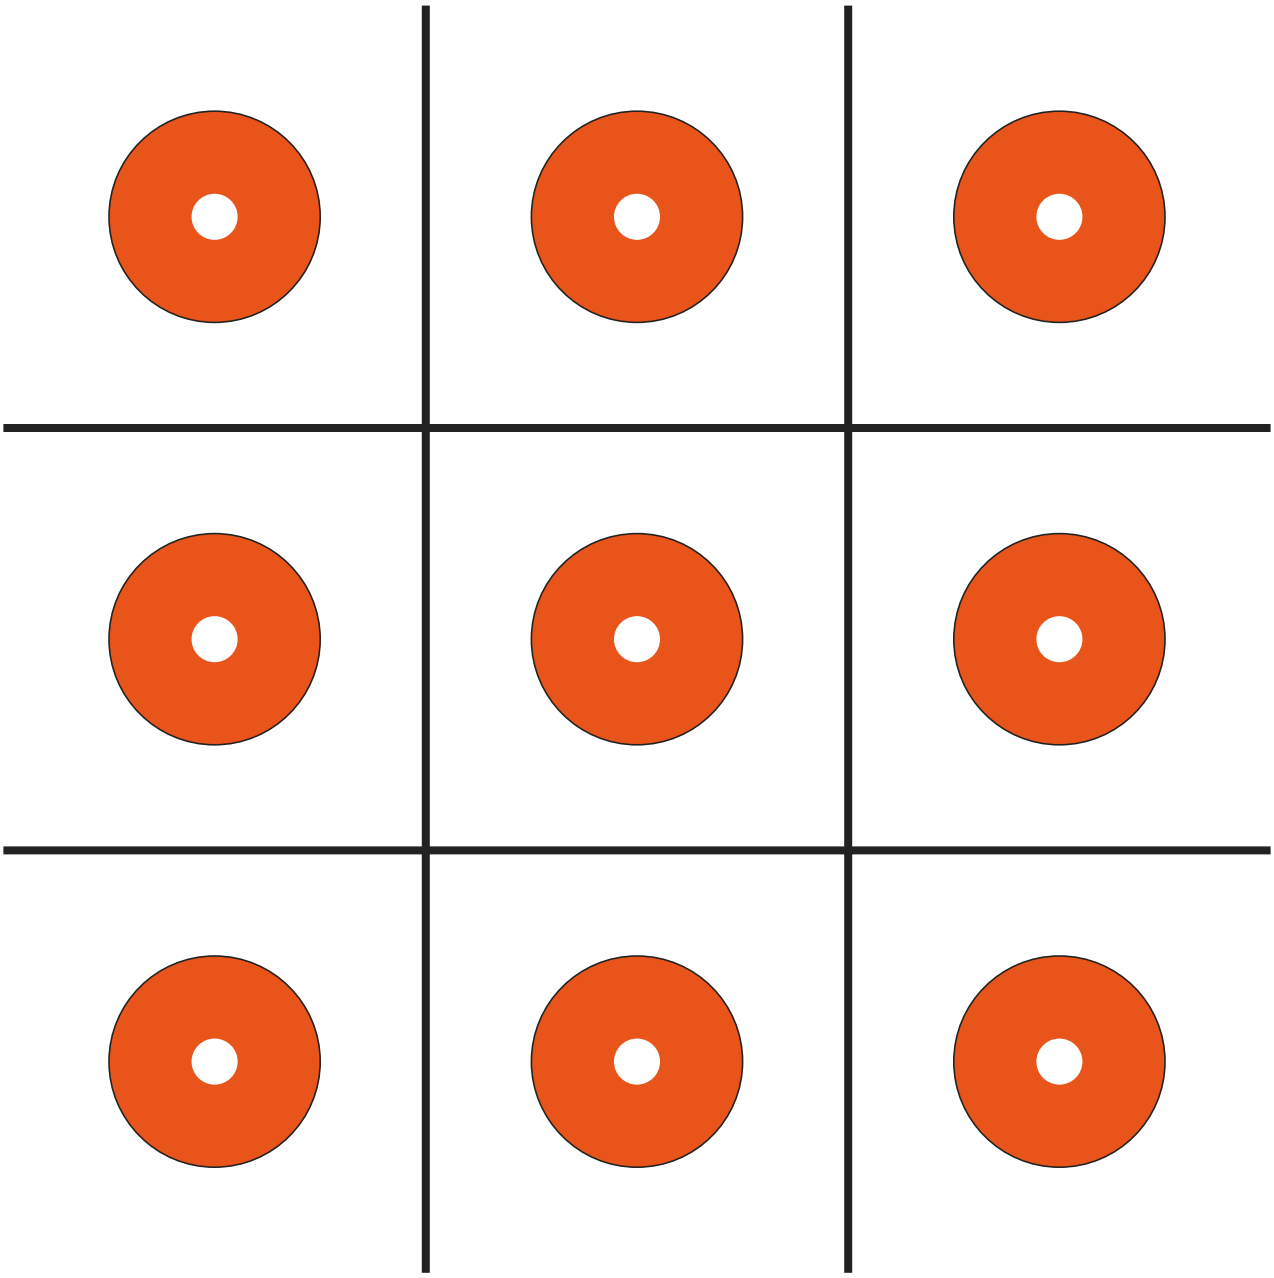

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

TIC-TAC-TOE

Two shooters, one target. Hit a square to claim it with your color of marker. First to three in a row wins.

Tip: use colored target pasters or a marker to claim squares between strings.

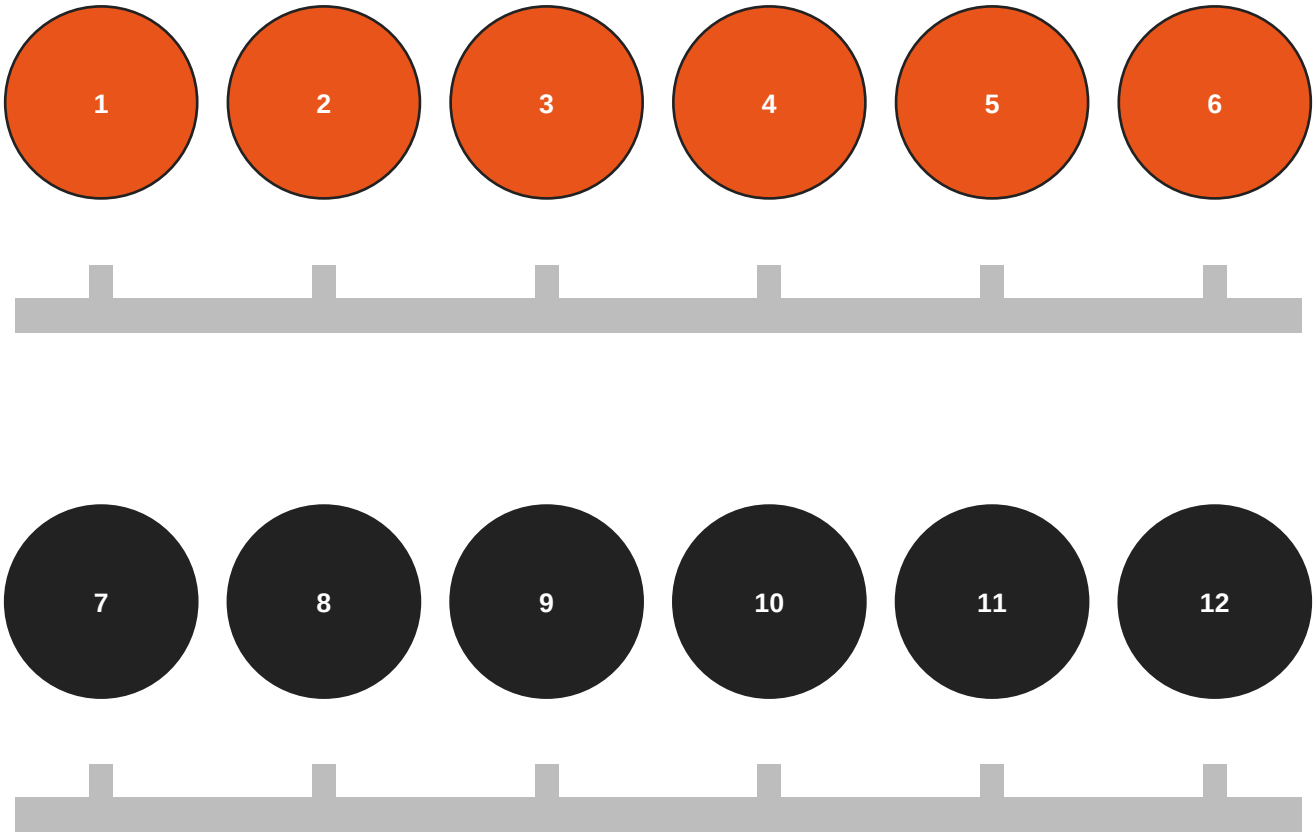

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

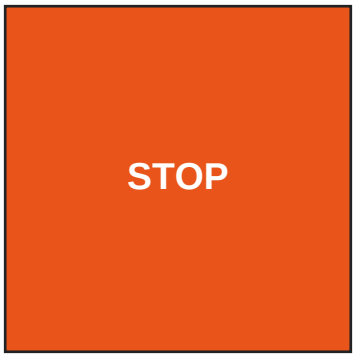

PLATE RACK

T-11

Two racks of six 1 in. plates plus a stop plate. At 10 yd each plate matches a 4 in. steel plate at 40 yd.

Clear a rack left to right, then hit STOP. Log your time.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

ERROR DIAGNOSIS

For a right-handed handgun shooter (mirror it if left-handed). Fire 10 slow shots at the center, then read where they cluster.

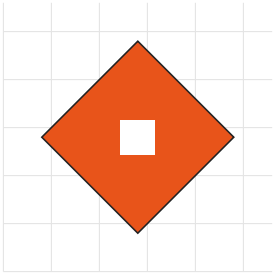

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

LOAD DEVELOPMENT

Ten 1 in. diamonds for a ladder or OCW test. Write the charge and seating depth under each.

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

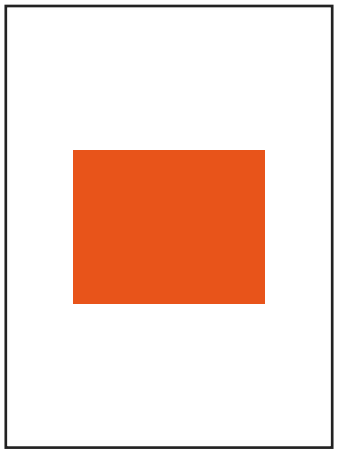

TRANSITIONS

Three head boxes spread wide. Draw, one shot each left to right, then right to left. Push speed, keep hits in the box.

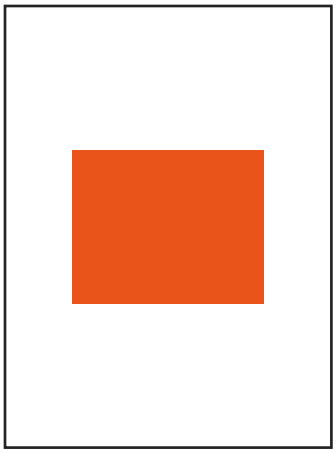

1

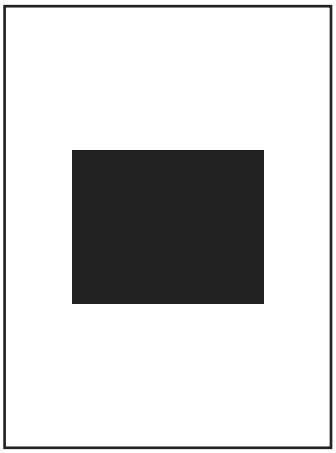

2

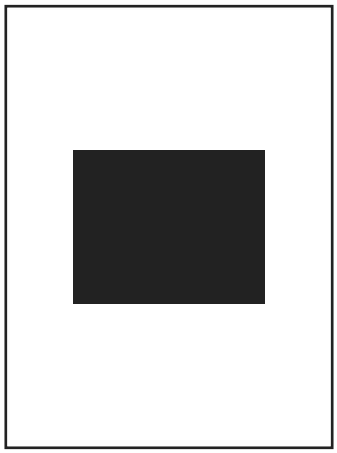

3

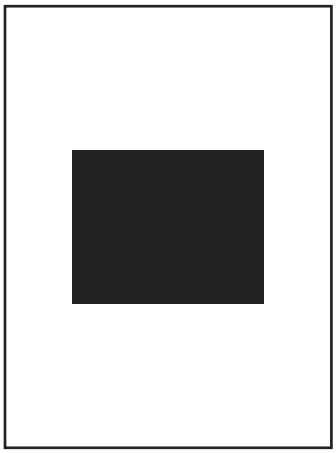

4

5

6

Top row: 1-2-3, 3-2-1. Bottom row: two shots each, 4-5-6.

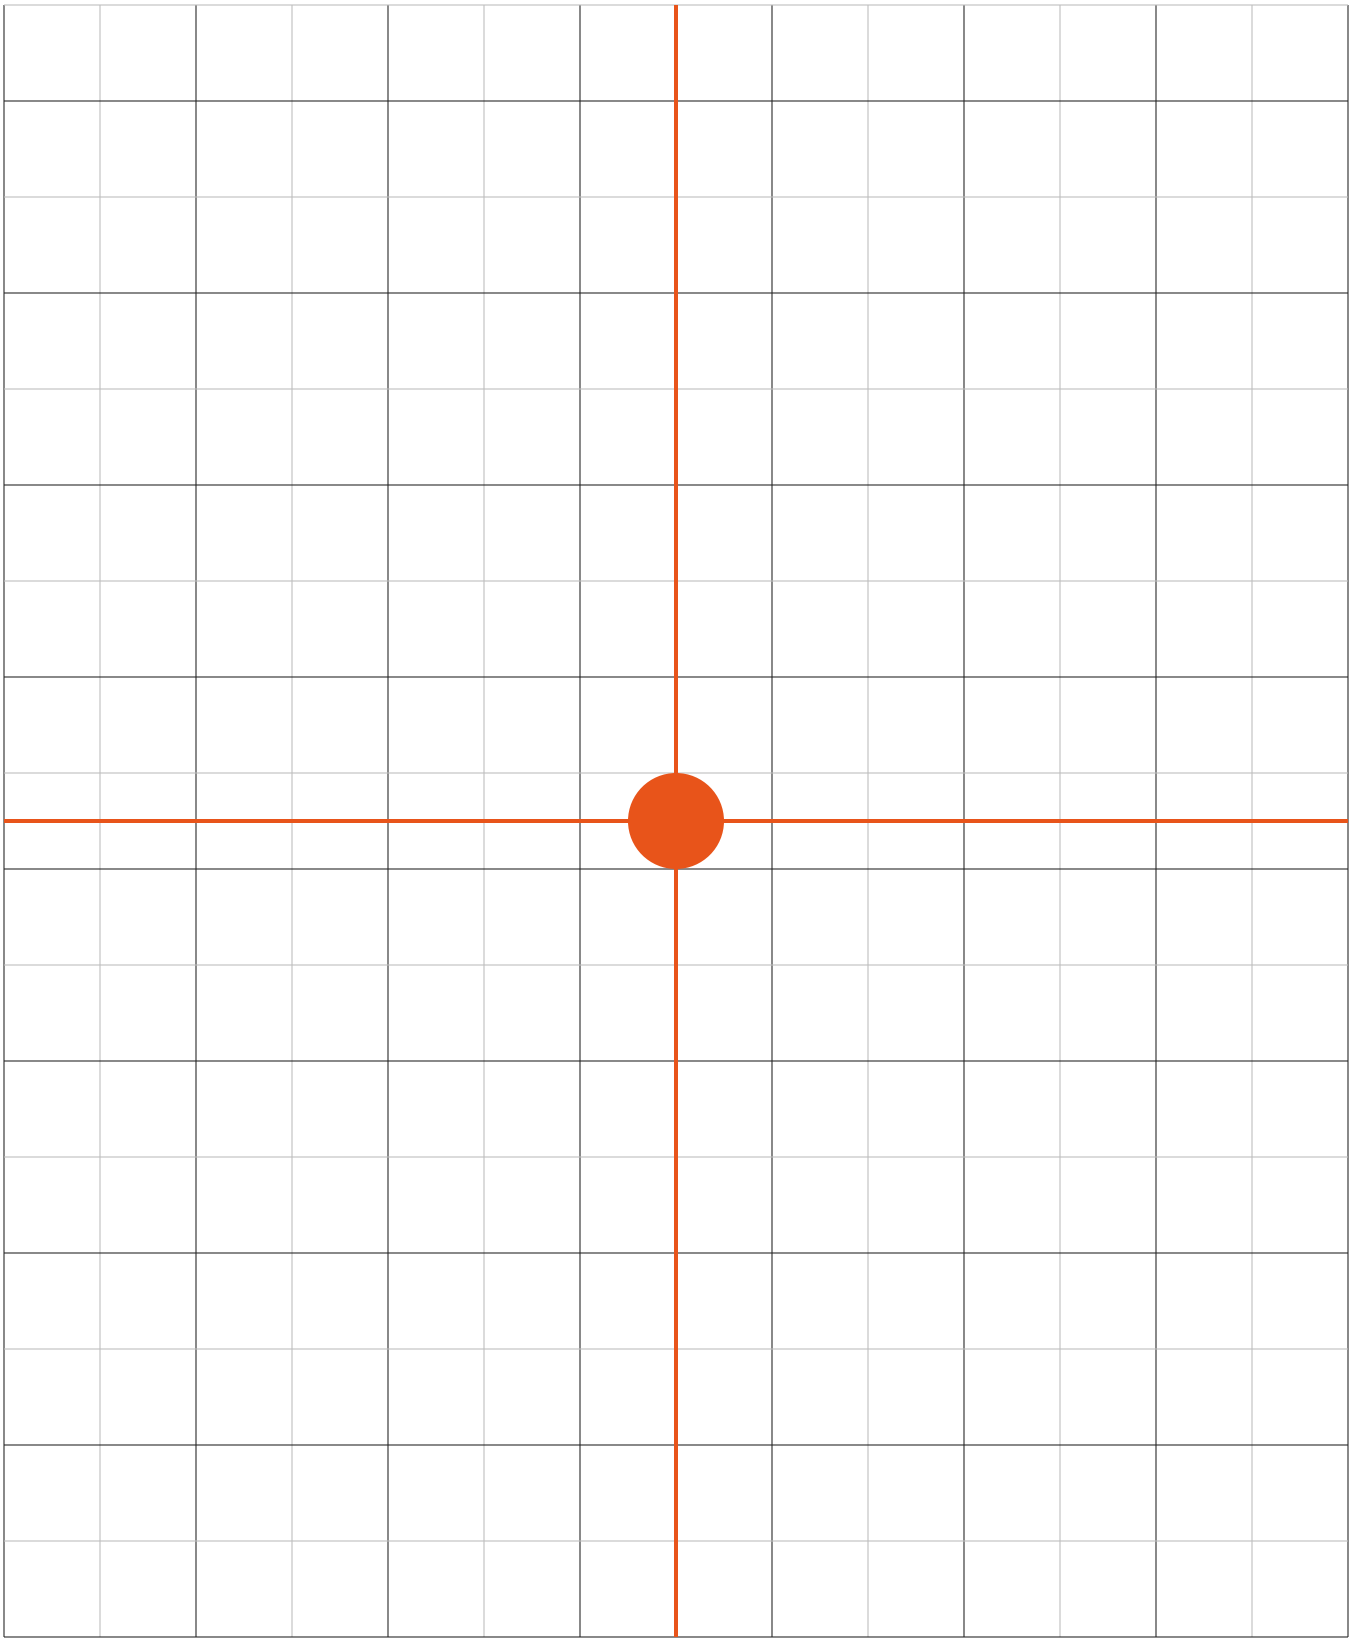

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

HALF-INCH GRID

T-15

Blank 1/2 in. grid with a center cross. Use it for anything: group measuring, custom drills, or a backer.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

RANGE LOG

Record each group. Measure center-to-center (largest spread minus one bullet diameter).

900	9.42	2.36	32.40	3.24	82.3
1000	10.47	2.62	36.00	3.60	91.4

FORMULAS

Range (yd) = target size (in) x 27.78 / size in mils

Range (m) = target size (m) x 1000 / size in mils

Range (yd) = target size (in) x 95.5 / size in MOA

Mils to MOA: mils x 3.438 MOA to mils: MOA / 3.438

Inches to MOA: inches / (1.047 x yards / 100)

Reference sizes: deer chest about 18 in. | IPSC target 18 x 30 in. | human head about 6 x 9 in.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

WIND CARD

Wind value by clock direction, field cues for estimating speed, and a blank hold table for your load.

ESTIMATING SPEED

0-3 mph
Barely felt. Smoke drifts.

3-5 mph
Felt lightly on your face.

5-8 mph
Leaves and small twigs move steadily.

8-12 mph
Raises dust and loose paper.

12-15 mph
Small trees begin to sway.

15+ mph
Large branches move. Hard to hold.

Hold = full-value hold x clock value.
Example: 10 mph from 1 o'clock = half the 10 mph hold.

RANGE	5 MPH	10 MPH	15 MPH	20 MPH	NOTES
100					
200					
300					
400					
500					
600					
700					
800					
900					
1000					

Values are full-value holds (wind from 3 or 9 o'clock) in your scope's units.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

ROUND COUNT LOG

Track rounds, cleaning, parts and malfunctions for one firearm. Helps you replace springs and barrels on schedule.

FIREARM _____ **SERIAL / ID** _____ **START COUNT** _____

BARREL / PARTS INSTALLED _____ **DATE** _____

DATE	ROUNDS	TOTAL	AMMO	CLEANED	MALFUNCTIONS	PARTS / NOTES

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

RANGE DAY CHECKLIST

Run through this before you leave the house. Laminate it and check boxes with a dry-erase marker.

SAFETY

- ☐ Eye protection
- ☐ Ear protection (plus spares)
- ☐ Tourniquet and trauma kit
- ☐ Range rules / membership card
- ☐ Hat with brim
- ☐ Phone charged

FIREARMS

- ☐ Firearms unloaded and cased
- ☐ Magazines (counted)
- ☐ Optics zeroed / batteries checked
- ☐ Cleaning rod or bore snake
- ☐ Lube
- ☐ Holster and belt

AMMO

- ☐ Ammo for each caliber
- ☐ Correct load for DOPE
- ☐ Ammo can / range bag
- ☐ Brass bag or bucket

TARGETS & SETUP

- ☐ Printed targets
- ☐ Stapler, tape or clips
- ☐ Target pasters / markers
- ☐ Cardboard backers
- ☐ Target stand

GEAR

- ☐ Shot timer
- ☐ Spotting scope or binoculars
- ☐ Rest, bags or bipod
- ☐ Rangefinder
- ☐ Wind meter
- ☐ Shooting mat

DATA

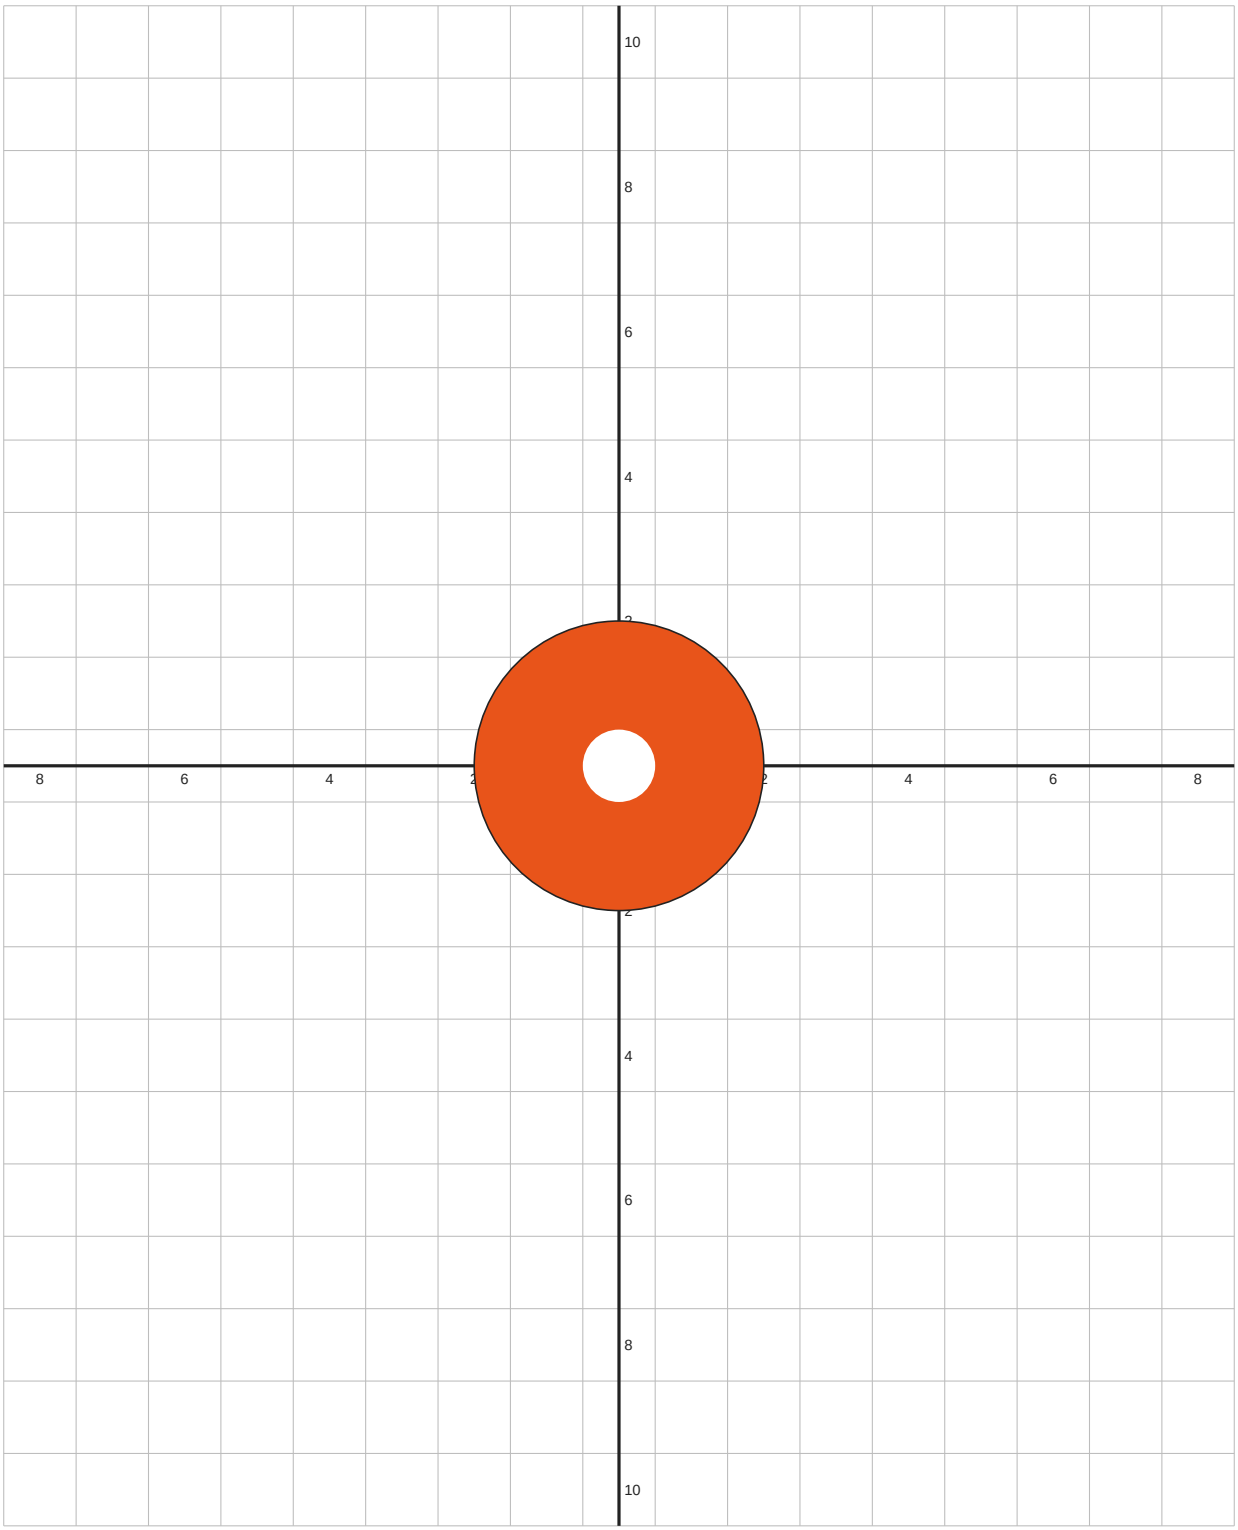

- ☐ DOPE card
- ☐ Range log and pen
- ☐ Chronograph
- ☐ Multitool / torque driver
- ☐ Spare batteries
- ☐ Water and snacks

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

36-YARD ZERO

Grid squares are 1 MOA at 36 yd (0.377 in.). A common carbine zero distance. Confirm at your far distance afterward.

Numbers = MOA from center at 36 yd. Center dot = 4 MOA. Zero distance depends on your optic and ammo; confirm it on paper at range.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DATA BOOK PAGE

One page per string. Plot where you called each shot and where it hit. The gap between the two shows what to fix.

RANGE ESTIMATION

Mil-relation table in meters. Measure the target in mils through your reticle, find its row, and read the range.

OBJECT	SIZE (M)	0.5 MIL	1 MIL	1.5 MIL	2 MIL	2.5 MIL	3 MIL	4 MIL	5 MIL
Head (height)	0.25	500	250	167	125	100	83	62	50
Shoulder width	0.5	1,000	500	333	250	200	167	125	100
Torso, waist to head	0.9	1,800	900	600	450	360	300	225	180
Standing person	1.8	—	1,800	1,200	900	720	600	450	360
Door height	2	—	—	1,333	1,000	800	667	500	400
Car height	1.5	—	1,500	1,000	750	600	500	375	300
Car length	4.5	—	—	—	—	1,800	1,500	1,125	900
Truck / van height	3	—	—	—	1,500	1,200	1,000	750	600
Fence post (std. 1.2 m)	1.2	—	1,200	800	600	480	400	300	240

FORMULAS & METHODS

Mil-relation: range (m) = size (m) x 1000 / mils

In yards: range (yd) = size (yd) x 1000 / mils

100 m units: picture a 100 m field and count how many fit to the target

Bracketing: estimate the nearest and farthest it could be, then average

Looks closer: bright light, looking across water or a valley, large targets

Looks farther: poor light, looking over smooth ground, small or partly hidden targets

Ranges over 2,000 m are left blank. Sizes are averages; real targets vary.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

FUNDAMENTALS CARD

T-28

Safety rules, the marksmanship fundamentals, position checkpoints and immediate action for a stoppage. Laminate for the range bag.

FOUR SAFETY RULES

1. Treat every firearm as loaded.
2. Never point the muzzle at anything you are not willing to destroy.
3. Keep your finger off the trigger until your sights are on target.
4. Be sure of your target and what is beyond it.

FUNDAMENTALS

Position: stable, bone support, natural point of aim on the target.
Aim: front sight or reticle sharp, sight alignment held.
Breath: settle and fire in the natural pause after you exhale.
Trigger: smooth press straight back. Do not slap or jerk.
Follow-through: hold the trigger back, then call the shot.

POSITION CHECKPOINTS

Prone: body angled behind the rifle, support elbow under the gun.
Sitting: elbows in front of or on the knees, not bone on bone.
Kneeling: support elbow forward of the knee, weight on the heel.
Standing: feet shoulder width, support arm under the handguard.
NPA check: close eyes, breathe, open. Move your body, not your arms.

IMMEDIATE ACTION (CARBINE)

Tap: firmly seat the magazine.
Rack: pull the charging handle fully back and release.
Assess: check the target and your situation.
Still down? Lock the bolt back, strip the magazine,
clear the chamber and reload. Squib suspected: stop and inspect.

CALLING THE SHOT

Note exactly where the reticle was when the shot broke.
Call good on target = hit expected. Call it off = fix your fundamentals.
Good call but bad hit = adjust the optic, wind or elevation.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

 = 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DRY-FIRE LOG

Daily dry practice tracker. Unload, move all ammo out of the room, verify empty, and pick a safe backstop before every session.

DATE	MIN	DRILL	REPS	PAR TIME	BEST	NOTES

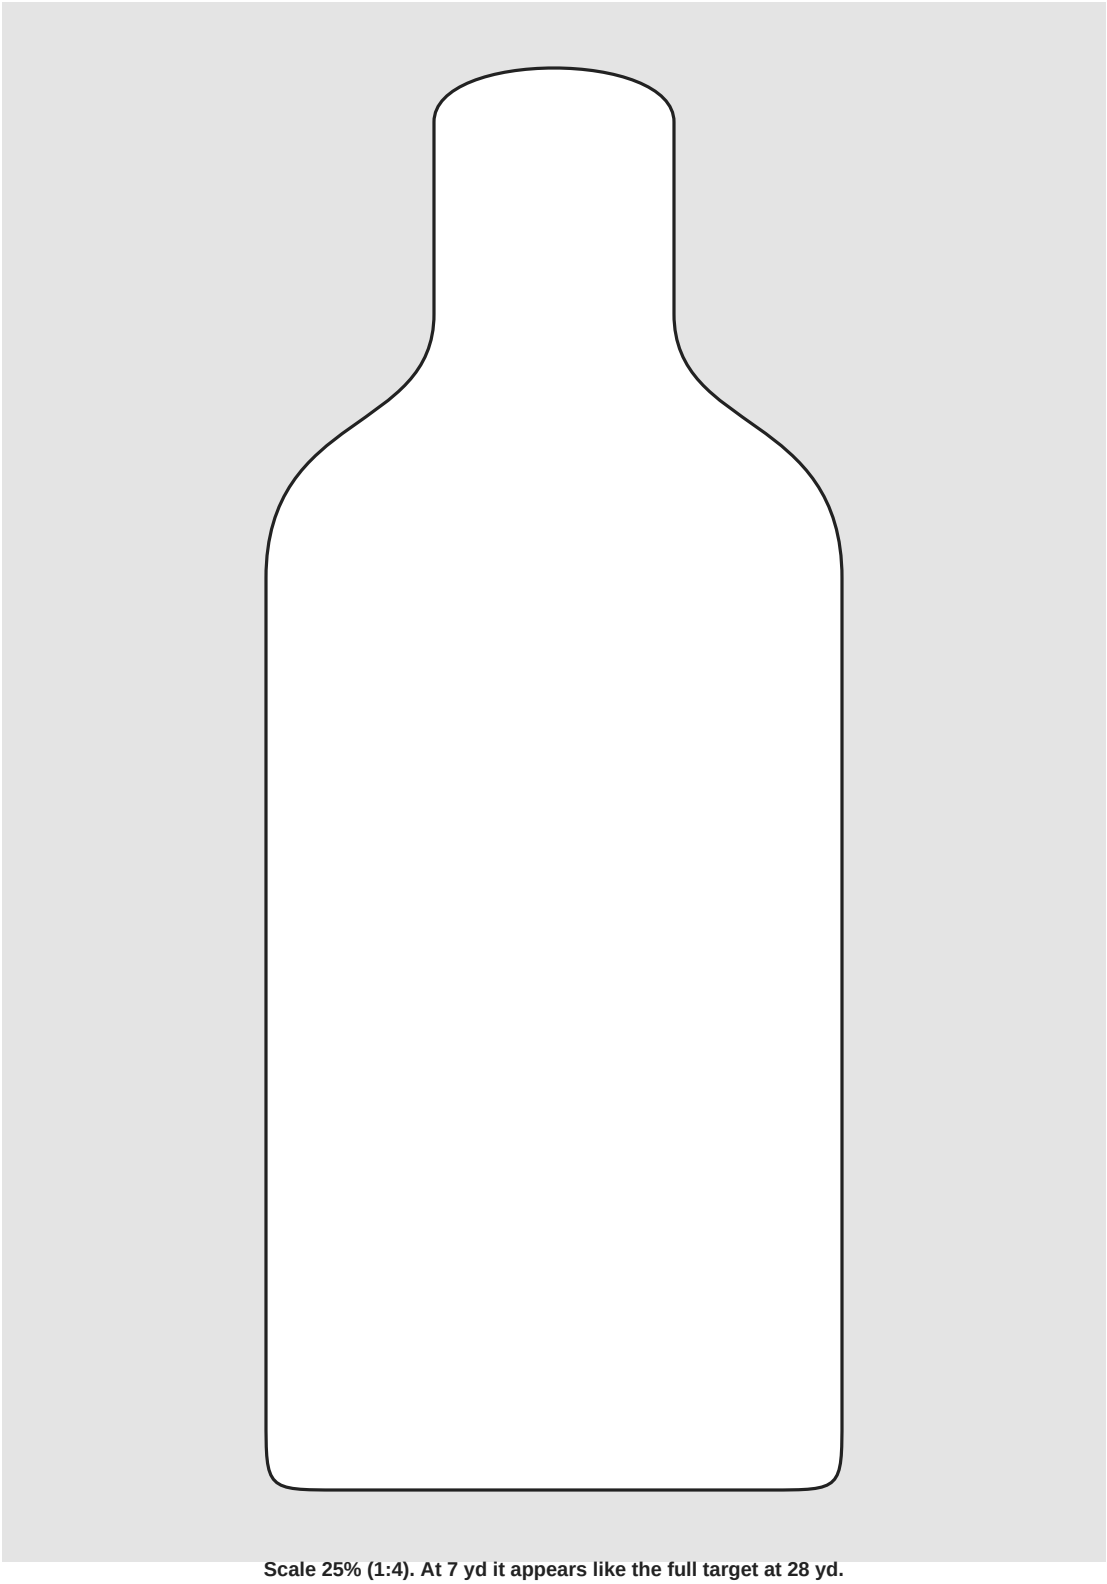

Ideas: draw to first shot, reloads, trigger press on a dot, transitions, position changes, malfunction clears.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

FBI Q-STYLE

Bottle-shaped 'Q' target used in law enforcement qualification. Any hit inside the bottle counts.

Scale 25% (1:4). At 7 yd it appears like the full target at 28 yd.

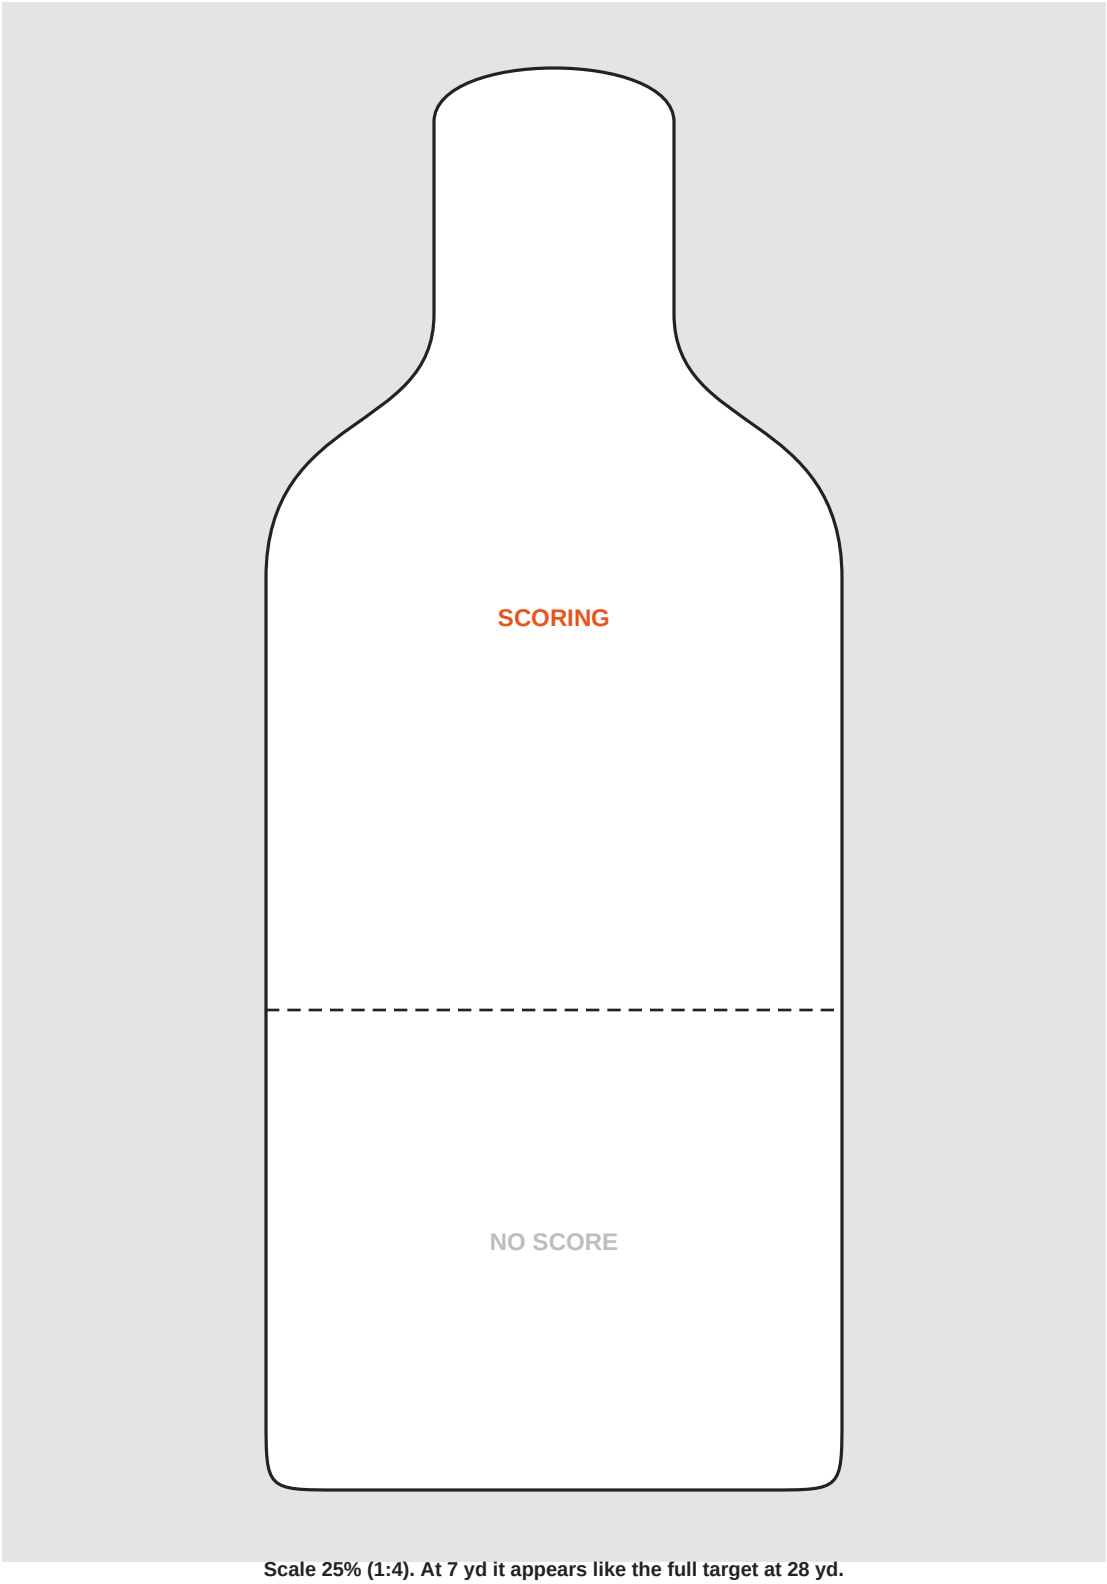

Training replica, approximate proportions. Use your issued target for official qualification.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

FBI QIT-STYLE

Q bottle with the lower part cut off by a dashed line. Only hits inside the bottle and above the line count.

Scale 25% (1:4). At 7 yd it appears like the full target at 28 yd.

Training replica, approximate proportions. Use your issued target for official qualification.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

FBI PISTOL QUAL CARD

The publicly reported FBI pistol qualification: 60 rounds on a QIT-style target, 48 hits to pass. Score each stage below.

3 yd 12 rds **HITS ____ / 12**

Draw, 3 rds strong hand only in 3 s. Do twice.

Draw, 3 rds strong hand, switch to support hand, 3 rds. 8 s total.

5 yd 12 rds **HITS ____ / 12**

Draw, 3 rds in 3 s. Do four times.

7 yd 16 rds **HITS ____ / 16**

Draw, 4 rds in 4 s. Do twice.

Draw, 4 rds, reload, 4 rds. 8 s total.

15 yd 10 rds **HITS ____ / 10**

Draw, 3 rds in 6 s. Do twice.

Draw, 4 rds in 8 s.

25 yd 10 rds **HITS ____ / 10**

From the start line, move to cover, draw, 2 rds standing,

kneel, 3 rds. 15 s. Do twice.

TOTAL HITS

Pass = 48 of 60 (80%). Hits must be inside the bottle, above the dashed line.

/ 60

Course details are as publicly reported (ShootingWire, FBI qualification feature). Agencies update courses; confirm the current version.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

POLICE SILHOUETTE

T-33

B-27-style law enforcement silhouette with scoring rings 7 to 10 around center mass. Training replica.

Scale 20% (1:5) of full size. At 5 yd it appears like the full target at 25 yd.

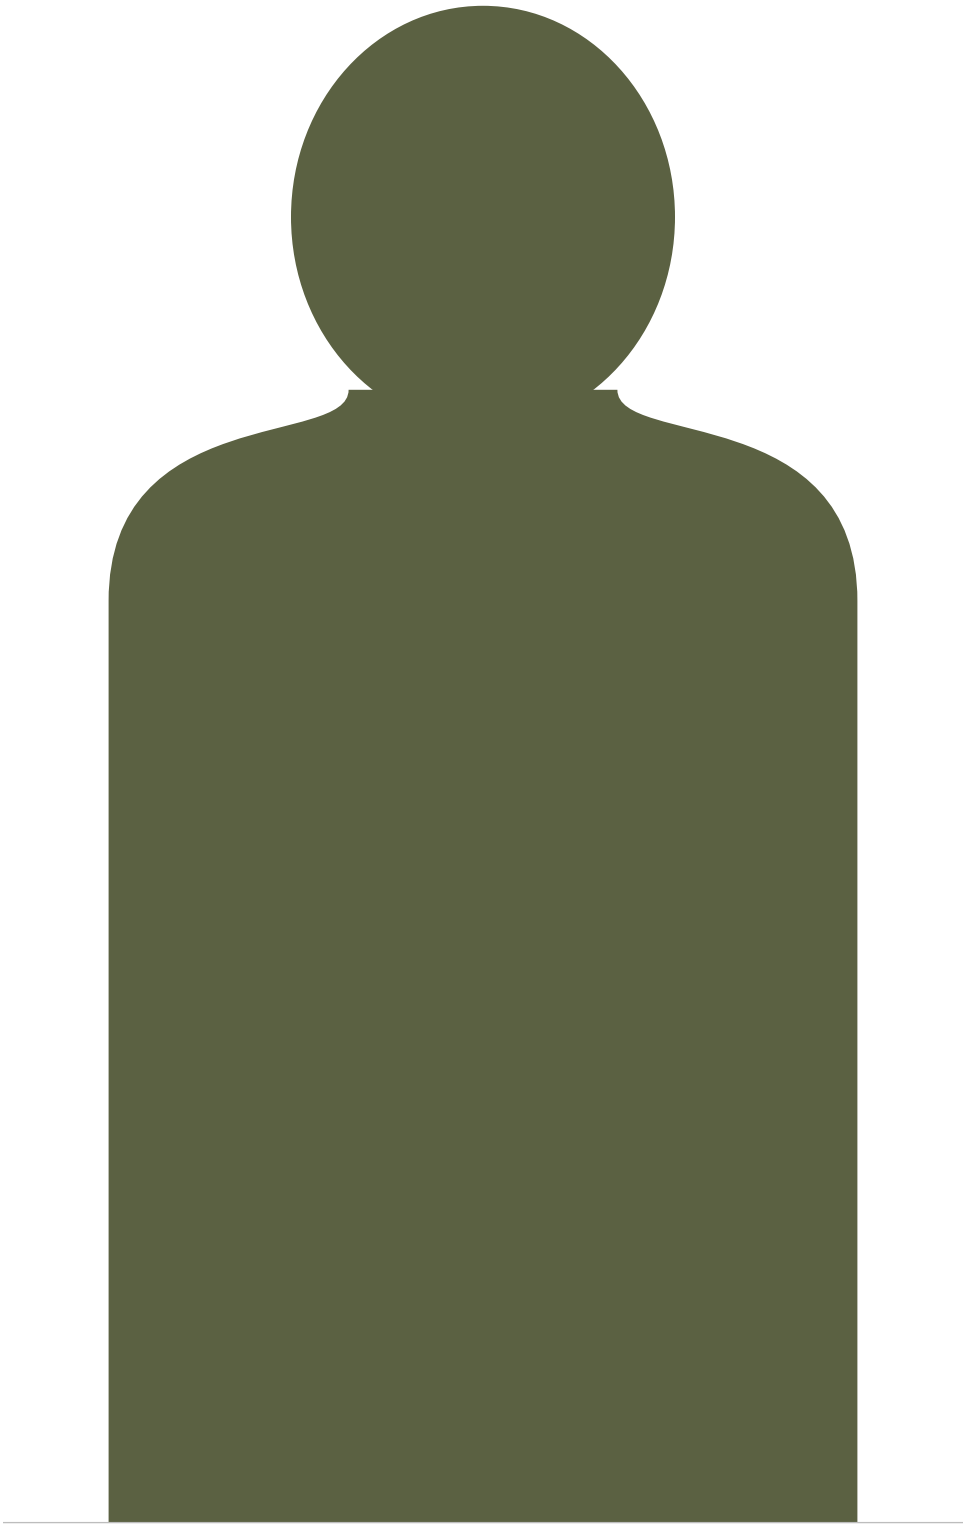

Training replica, approximate proportions. Use your issued target for official qualification.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

MILITARY E-TYPE

Standard military head-and-torso silhouette (about 19.5 x 40 in. full size). Any hit on the silhouette counts.

Scale 20% (1:5). At 25 m it appears like a full E-type at 125 m; at 60 m, like 300 m.

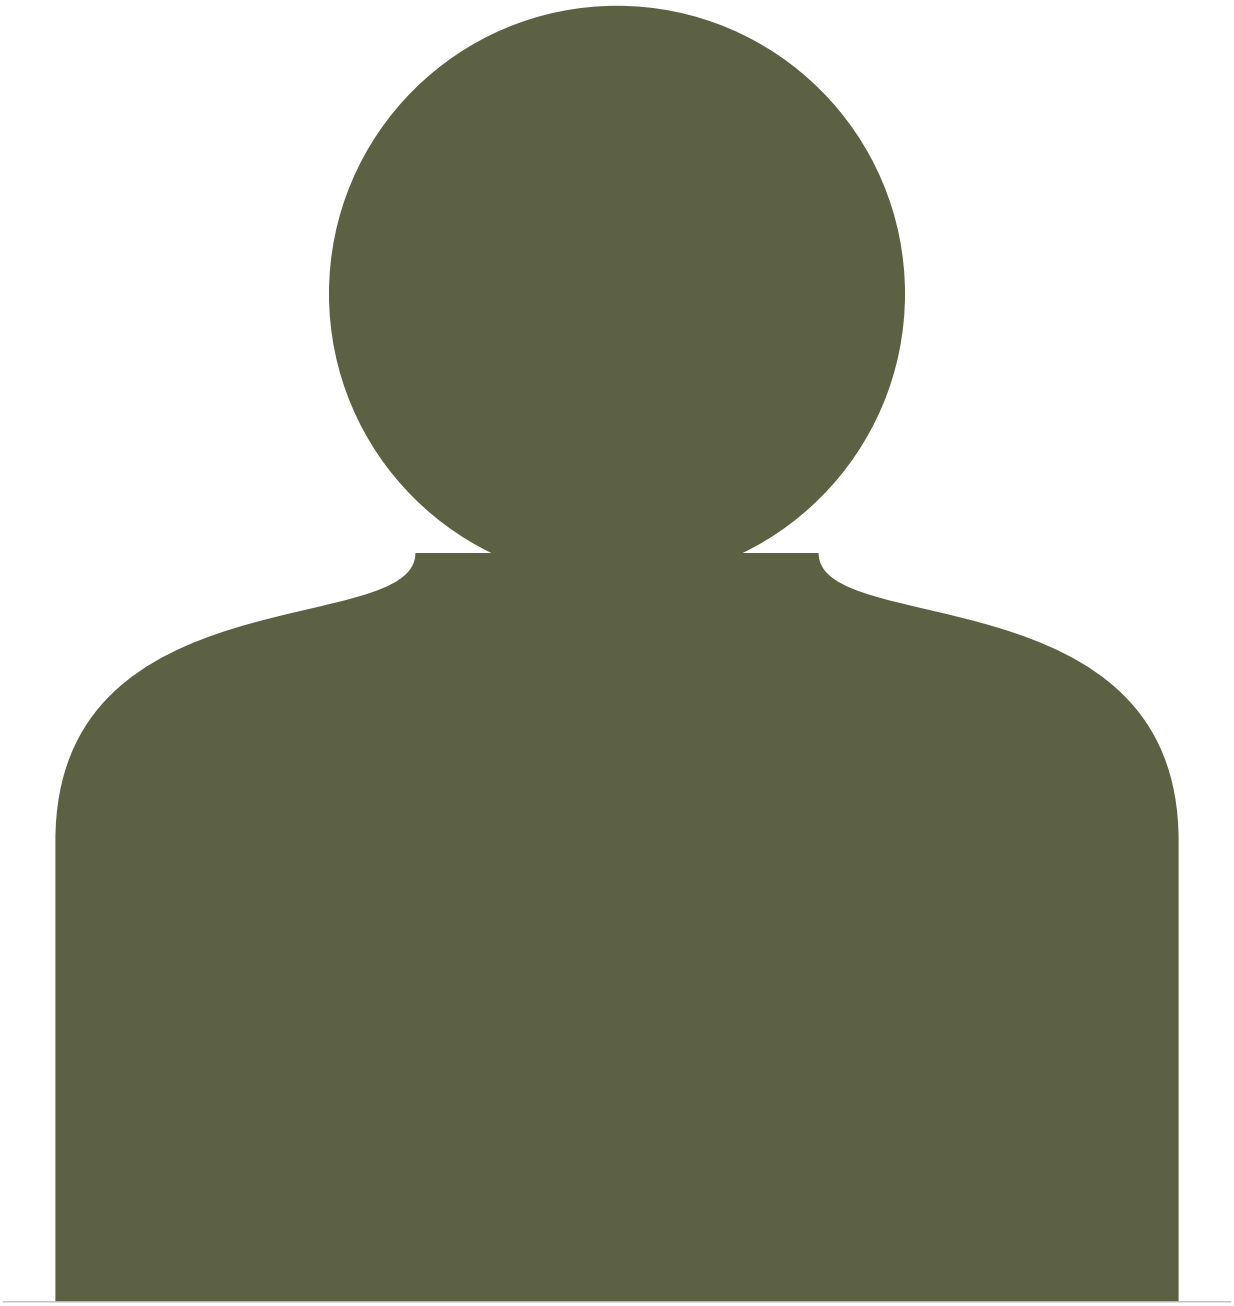

Training replica, approximate proportions. Use your issued target for official qualification.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

MILITARY F-TYPE

Head-and-shoulders silhouette (about 19.5 x 23 in. full size), representing a target behind cover.

Scale 30%. At 15 m it appears like a full F-type at 50 m; at 30 m, like 100 m.

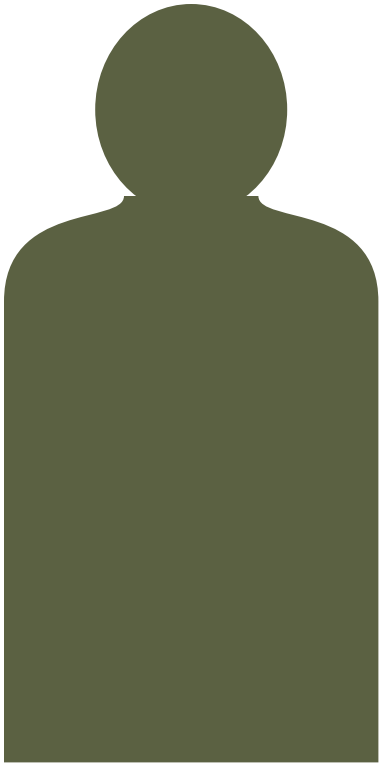

Training replica, approximate proportions. Use your issued target for official qualification.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

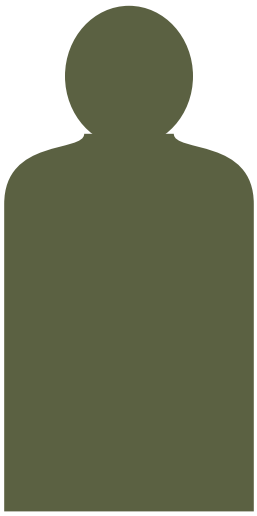

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

SCALED DISTANCE SILHOUETTES

E- and F-type silhouettes shrunk to simulate 100-300 m when shot from 10 m. Build distance skills on a short range.

100 m
E-type at 10.0%

150 m
E-type at 6.7%

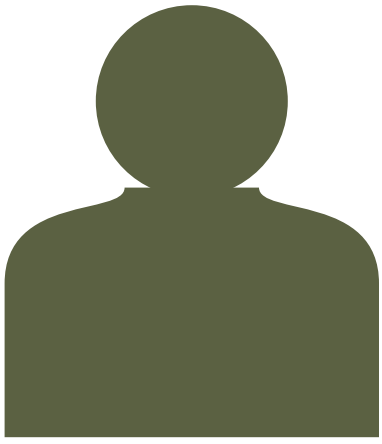

200 m
E-type at 5.0%

250 m
E-type at 4.0%

300 m
E-type at 3.3%

100 m
F-type at 10.0%

Shoot from exactly 10 m (11 yd). Each silhouette then looks the size of a full one at the marked distance.

Bullet drop is still only 10 m worth: this trains aiming and target size, not holdover.
Training replica, approximate proportions. Use your issued target for official qualification.

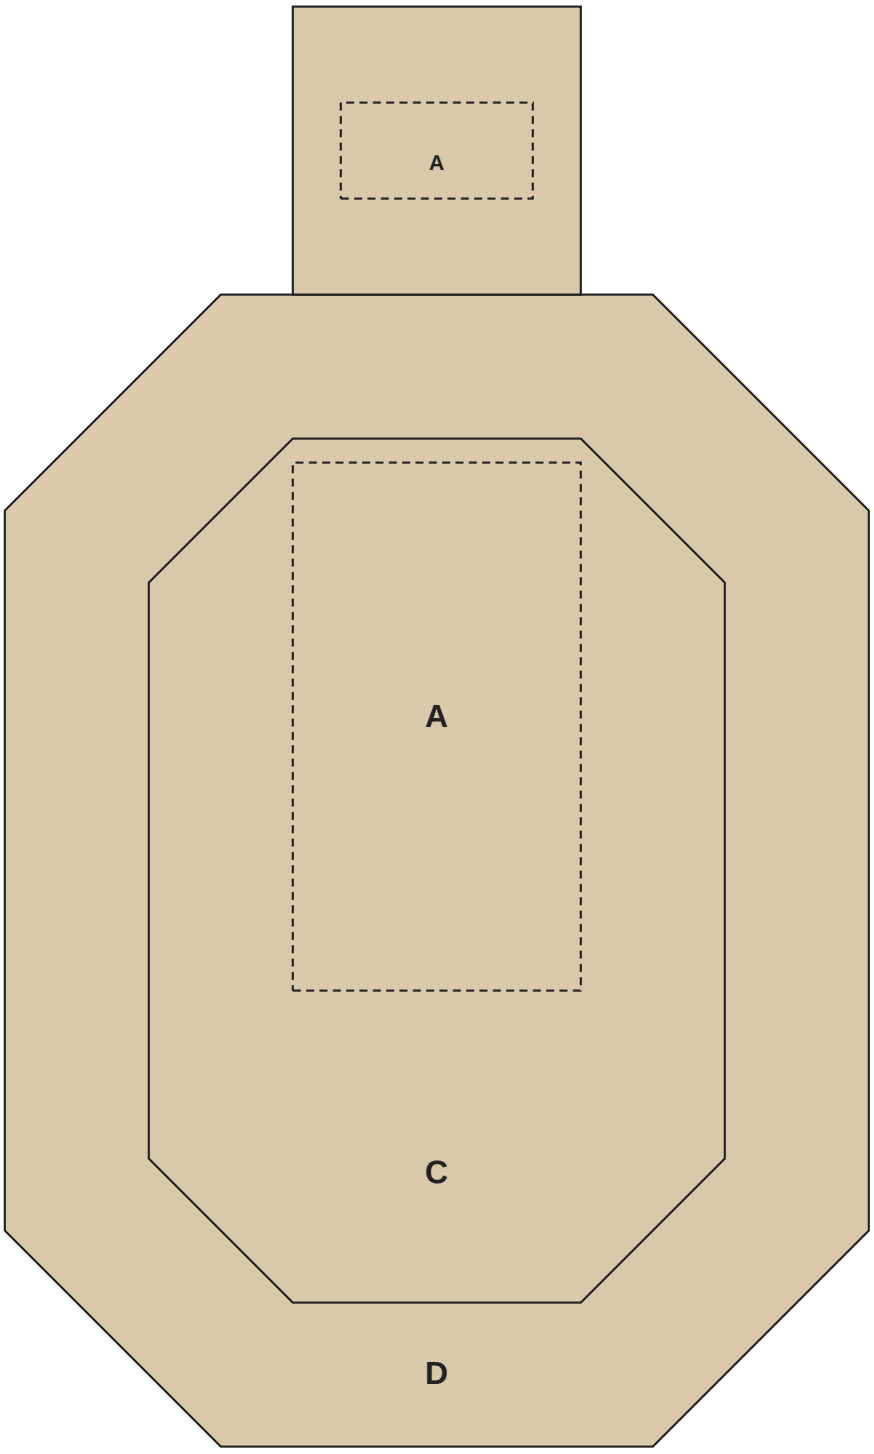

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

PRACTICAL COMPETITION

T-37

USPSA/IPSC-style action shooting target with A, C and D zones and head box. Training replica.

A 5 pts
C 3 or 4 pts
D 1 or 2 pts
(minor / major)

Scale 25% (1:4). At 7 yd it appears like a full-size target at 28 yd.

Training replica, approximate proportions. Use your issued target for official qualification.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DRILL BOOK 1

Three drills each for T-01 to T-05. Tick the box once you run a drill clean.

T-01 FIVE-BULL SIGHT-IN

TARGET ON PAGE 2

- ☐ **Confirm Zero** Rifle 25 yd / pistol 10 yd · 9 rds
  Fire a 3-shot group on bull 1, adjust, then confirm with 3 shots each on bulls 2 and 3.
- ☐ **Bull Rotation** 7 yd · 10 rds · no time
  One shot per bull in order 1-5, twice. Every hit must stay in the orange.
- ☐ **Cold-Bore Log** Any distance · 1 rd
  Make your first shot of every session on bull 1 and write down where it lands versus your zero.

T-02 100-YARD ZERO GRID

TARGET ON PAGE 3

- ☐ **Zero and Confirm** 100 yd · 6 rds · prone
  Fire 3 at the center diamond, count squares to center (1 square = 1 MOA), dial, then confirm with 3 more.
- ☐ **Corner Check** 100 yd · 4 rds
  One shot on each corner diamond. All four inside the diamonds means your zero holds.
- ☐ **Box Test** 100 yd · 5 rds
  Shoot center, dial 4 MOA up and shoot, 4 right, 4 down, 4 left. Hits should form a square and end on the first hole. Tests turret tracking.

T-03 25 M METRIC ZERO

TARGET ON PAGE 4

- ☐ **25 m Zero** 25 m · 3-rd groups
  Adjust until the group centers in the 4 cm circle. Each square is 0.4 mil.
- ☐ **Click Check** 25 m · 6 rds
  Fire 3, dial exactly 1 mil up, fire 3. The second group should land 2.5 cm higher, two and a half squares.
- ☐ **Position Shrink** 25 m · 15 rds
  Five each prone, kneeling and standing. Measure each group in cm and log the spread.

T-04 MOA DOT LADDER

TARGET ON PAGE 5

- ☐ **Ladder Down** 100 yd · 12 rds
  One shot per dot, working from the 2 MOA row down. The row where you start missing is your real precision today.
- ☐ **Position Ladder** 100 yd · 12 rds
  2 MOA row prone, 1.5 MOA sitting, 1 MOA kneeling off a bag, 0.5 MOA prone off a bag.
- ☐ **Ten-Second Shot** 100 yd · 6 rds
  On the beep, build position and fire one shot on a 1 MOA dot within 10 seconds. Repeat on each 1 MOA dot.

T-05 PRECISION BULLSEYE

TARGET ON PAGE 6

- ☐ **Slow Fire** 25 yd pistol / 50 ft · 10 rds · 10 min
  Ten shots, one hand or two. Score each ring and total out of 100.
- ☐ **Timed Fire** 25 yd · 10 rds
  Two strings of 5 rounds in 20 seconds each.
- ☐ **Rapid Fire** 25 yd · 10 rds
  Two strings of 5 rounds in 10 seconds each. Compare with your slow-fire score.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DRILL BOOK 2

Three drills each for T-06 to T-10. Tick the box once you run a drill clean.

T-06 RIMFIRE 12-BULL

TARGET ON PAGE 7

- ☐ **10-Bull Match** 50 ft or 25 yd · 12 rds
  Two shots on the sighters, then one shot per record bull. Score out of 100.
- ☐ **Sighter Discipline** 50 ft · 12 rds
  You get only two sighters, then you commit. No re-shooting a record bull.
- ☐ **Position Rotation** 50 ft · 10 rds
  Bulls 1-3 prone, 4-6 sitting, 7-8 kneeling, 9-10 standing.

T-07 TEN-DOT DRILL

TARGET ON PAGE 8

- ☐ **Standard Run** 3 yd · about 50 rds
  Shoot the strings printed on the sheet. Score one point for every string with no misses, out of 10.
- ☐ **Back It Up** 3, 5, 7 yd
  Move back 2 yd only after you run all 10 strings clean.
- ☐ **Timed Draws** 5 yd
  Run strings 2 and 4 with a 2.0 s par per draw. Misses or over time count as a fail.

T-08 REDUCED SILHOUETTE

TARGET ON PAGE 9

- ☐ **Bill Drill** 7 yd · 6 rds · par 3.0 s
  From the holster, six rounds into the A zone as fast as you can keep them there.
- ☐ **Failure Drill** 7 yd · 3 rds · par 3.0 s
  Two to the body A zone, then one to the head A zone.
- ☐ **2-Reload-2** 7 yd · 4 rds · par 5.0 s
  Two to the body, emergency reload, two more to the body.

T-09 SHAPES & NUMBERS

TARGET ON PAGE 10

- ☐ **Call and Engage** 5 yd · 1 rd per match
  A partner calls a color, shape or number. Engage every target that matches, one round each.
- ☐ **Math Drill** 5 yd · 1 rd
  A partner calls an equation like 9 minus 4. Shoot the answer.
- ☐ **Sequence** 5 yd · 3 rds · par 4.0 s
  A partner calls three numbers. Shoot them in that order.

T-10 TIC-TAC-TOE

TARGET ON PAGE 11

- ☐ **Classic Game** 7 yd · 2 shooters
  Take turns firing one round to claim a square. A miss loses your turn.
- ☐ **Speed Round** 7 yd · 2 shooters
  Both shooters go on the beep. First to three in a row wins.
- ☐ **Solo Lines** 7 yd · par 3.0 s
  Shoot any row, column or diagonal, one round per square. Then all three rows back to back.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DRILL BOOK 3

Three drills each for T-11 to T-15. Tick the box once you run a drill clean.

T-11 PLATE RACK

TARGET ON PAGE 12

- ☐ **Rack Run** 10 yd · 7 rds · par 6.0 s
  Top rack left to right, then the stop plate. Repeat on the bottom rack.
- ☐ **Odds and Evens** 10 yd · 7 rds
  Odd plates left to right, then even plates right to left, then stop.
- ☐ **Reload Run** 10 yd · 7 rds · par 9.0 s
  Three plates, reload, three plates, stop plate.

T-12 ERROR DIAGNOSIS

TARGET ON PAGE 13

- ☐ **Diagnostic 10** 10 yd · 10 rds
  Ten slow shots at the center. Read the cluster against the chart and pick one fix to work on.
- ☐ **Ball and Dummy** 7 yd · 10 rds
  A partner loads your magazine with a snap cap at random. Watch the muzzle when the dummy round clicks: any dip is a flinch.
- ☐ **Dry Wall Drill** Dry fire · 20 presses
  Unloaded and verified. Press the trigger 20 times against a blank wall without the front sight moving.

T-13 LOAD DEVELOPMENT

TARGET ON PAGE 14

- ☐ **Ladder Test** 300 yd · 1 rd per load
  One shot per charge, in order, all at the same aim point. Look for loads whose impacts cluster vertically.
- ☐ **OCW Round Robin** 100 yd · 3 rds per load
  Fire one round of each load in rotation until each diamond has three. This spreads barrel heat evenly.
- ☐ **Seating Depth** 100 yd · 3 rds per depth
  Pick your best charge and vary only the seating depth across the diamonds.

T-14 TRANSITIONS

TARGET ON PAGE 15

- ☐ **Box Transitions** 7 yd · 6 rds · par 3.0 s
  One round each box 1-2-3, then 3-2-1.
- ☐ **El Presidente** 10 yd · 12 rds · par 10 s
  Two rounds on each top box, reload, two more on each.
- ☐ **Doubles Across** 7 yd · 6 rds · par 4.0 s
  Two rounds each on the bottom row, 4-5-6.

T-15 HALF-INCH GRID

TARGET ON PAGE 16

- ☐ **Custom Dots** Any
  Mark your own aim points with a marker or paster before shooting.
- ☐ **Grid Walk** 7 yd · 10 rds
  One shot on each intersection along the center line, moving out one square each shot.
- ☐ **Measure Up** Any · 5 rds
  Shoot a group, then use the half-inch lines to measure it without a ruler.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DRILL BOOK 4

Three drills each for T-23 to T-27. Tick the box once you run a drill clean.

T-23 36-YARD ZERO

TARGET ON PAGE 24

- ☐ **36 yd Zero** 36 yd · 3-rd groups
  Adjust until groups center on the dot. Each square is 1 MOA at this distance.
- ☐ **Far Confirm** Your far zero distance · 5 rds
  Confirm the zero at the far distance your optic and ammo call for, and log any change.
- ☐ **Group Size Check** 36 yd · 5 rds
  Fire a 5-round group and count squares to read it in MOA directly.

T-24 DATA BOOK PAGE

TARGET ON PAGE 25

- ☐ **Call Every Shot** Any · 10 rds
  Before you look, plot your call on the left. Then plot the hit on the right.
- ☐ **Call Accuracy** Review
  Count how many hits landed within one ring of your call. Above 8 of 10 means you can trust your calls.
- ☐ **Correct and Repeat** Next string
  Write one correction at the bottom, shoot the next string, and see if it closed the gap.

T-26 RANGE CARD

TARGET ON PAGE 27

- ☐ **New Position Card** Every new position
  Build a range card before you shoot anything: limits first, then reference points with ranges.
- ☐ **Range Check** With a rangefinder
  Estimate each reference point first, then laser it. Log the difference.
- ☐ **Snap Engagement** Partner calls a point
  On the call, find it with the card and give your hold within 10 seconds.

T-27 RANGE ESTIMATION

TARGET ON PAGE 28

- ☐ **Mil and Check** Any field
  Measure an object in mils, work the range from the table, then laser it.
- ☐ **Walk the Range** 50-300 m
  Estimate a distance by eye, pace or laser it, and keep a running error log.
- ☐ **Unknown Distance** Partner sets targets
  Range each target with the table only, then engage it. Score first-round hits.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DRILL BOOK 5

Three drills each for T-30 to T-34. Tick the box once you run a drill clean.

T-30 FBI Q-STYLE

TARGET ON PAGE 31

- ☐ **Q Three** 5 yd · 3 rds · par 3.0 s
  From the holster, three hits inside the bottle.
- ☐ **Neck Shot** 7 yd · 2 rds · par 3.0 s
  Two rounds inside the narrow neck of the bottle. Builds precision under time.
- ☐ **3-5-7 Ladder** 3, 5, 7 yd · 9 rds
  Three rounds at each distance, all inside the bottle, par 3.0 s each.

T-31 FBI QIT-STYLE

TARGET ON PAGE 32

- ☐ **Full Course** 3-25 yd · 60 rds
  Shoot the full course on card T-32 and score it. 48 of 60 passes.
- ☐ **Half Course** 3-15 yd · 30 rds
  Run the 3, 5 and 7 yd stages only. Track your hit percentage.
- ☐ **Line Discipline** 7 yd · 10 rds
  Any hit below the dashed line counts as a miss. Shoot 10 and keep all above it.

T-33 POLICE SILHOUETTE

TARGET ON PAGE 34

- ☐ **Ring Ten** 15 yd · 10 rds
  All ten in the 8 ring or better. Score the rings for a total.
- ☐ **1-2-3-4-5** 7 yd · 15 rds
  Draw and fire 1 round, holster. Then draw to 2, 3, 4 and 5. All inside the 9 ring.
- ☐ **Distance Step** 3, 7, 15 yd · 12 rds
  Four rounds at each distance from the holster, par 4 s each.

T-34 MILITARY E-TYPE

TARGET ON PAGE 35

- ☐ **Simulated 125 m** 25 m · 10 rds · prone
  Ten rounds on the silhouette. Any hit counts.
- ☐ **Position Change** 25 m · 6 rds · par 20 s
  Two rounds standing, drop to kneeling for two, then prone for two.
- ☐ **Simulated 300 m** 60 m · 10 rds
  At 60 m this sheet looks like a full E-type at 300 m. Hold center and count hits.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.

DRILL BOOK 6

Three drills each for T-35 to T-37. Tick the box once you run a drill clean.

T-35 MILITARY F-TYPE

TARGET ON PAGE 36

- ☐ **Barricade Sides** 15 m · 6 rds
  Three rounds from the left side of a barricade, then three from the right.
- ☐ **Head-and-Shoulders** 30 m · 5 rds
  At 30 m this sheet appears like a full F-type at 100 m. Five hits from kneeling.
- ☐ **Snap Hits** 15 m · 5 rds · par 3 s each
  From low ready, one round on the silhouette within 3 seconds, five times.

T-36 SCALED DISTANCE SILHOUETTES

TARGET ON PAGE 37

- ☐ **Ladder Out** 10 m · 6 rds · prone
  Engage 100 to 300 m in order, one round each. Then repeat from kneeling.
- ☐ **Called Distance** 10 m · partner
  A partner calls a distance. Find it and fire one round within 4 seconds.
- ☐ **Two Each** 10 m · 12 rds · par 30 s
  Two hits on every silhouette from prone.

T-37 PRACTICAL COMPETITION

TARGET ON PAGE 38

- ☐ **Hit Factor 6** 7 yd · 6 rds
  Two draws to 3 rounds. Score points (A=5, C=3, D=1) divided by time.
- ☐ **Doubles** 10 yd · 6 rds · par 1.5 s
  Three draws to two rounds in the body A zone.
- ☐ **Head Box** 7 yd · 1 rd · par 2.0 s
  One round in the head A zone from the holster, five repetitions.

SHOOTER _____ DATE _____ DIST _____ FIREARM / AMMO _____

= 1 inch. Print at 100% / Actual Size (no 'Fit to page'), then check this bar with a ruler.
